love. In this book, White looks at friendship, romance, parenthood, and humanitarian love in classical and contemporary perspective. He argues that the philosophical oblivion of love has been a mistake. By examining both the historical and contemporary formations of love, he proposes alternative models to guide both our thinking and our experience of loving.

I am a Patchwork Quilt is a compilation of writings of the nouns (names of people, places and things) that touched the life of the author, Ana Maria Ward, formerly an English teacher. While writing her first novel, a biography about her father, Gordon F. Ward, Uncommon Survivor: from Sand to Bronze, the author became inspired with the idea to write about those people who touched her life in the places where she lived from her birth to the present. Although her father was ill, he read some of the first chapters, or "patches," and encouraged her to continue with her theme during the final days of his life. He approved the concept of the author as the quilt made up of patches representing everyone involved in her life. Some of them were linked to him. Determined to please her father, the author wanted I am a Patchwork Quilt to be an uplifting experience for her readers.

Related to the "degrees of separation," each person or "patch" has a unique relationship to the author and as in life, some with seriousness and some with humor. In reality, every person is unique and relationships are unique. The patches in I Am a Patchwork Quilt are connected to the reader in various amusing ways. The reader may laugh, the reader may cry, but the reader will be moved to find that around the world people will feel warm when magically involved in the blanket of love.

When a stunning mid-life event breaks open the emotional cocoon protecting Mary Jo Doig, the terrifying events of her childhood unravel--and she embarks on a painful but transformational journey to uncover the truth about her dark past.

*A Patchwork Of Love is about a young woman escaping an abusive situation, a man trying to forget his past, and a train headed west to California in the last quarter of the nineteenth century. *True family is a patchwork...of love's surprising shapes. A story about a man, a dog, and the two lost children who help everyone find their way. Famous author Merit Brown moved to a secluded cabin in the woods after suffering tragic loss. Susie is the collie who showed up on his porch, badly injured. His only companion, she contentedly wears the patch he made for her damaged eye as they walk the path to the creek every morning before Merit quietly settles down to write. Until the morning they find two abandoned children - a girl huddled by the creek bank who won't speak, and a little boy hidden under bushes in the water and the mud, unconscious and nearly dead. Suddenly Merit and Susie are back in the world of cruelties, and kindnesses. As they help Jonathan and Trish on a desperate search for home, the people of the southern mountain town of Wake Robin reach out, discovering within themselves the true meaning of family. Burton paints powerful portraits of the good, and the bad, in a vivid novel that has the horror and suspense of a kidnapping, a rape, a murder, a suicide. But at its shining heart is a story of empowerment. Patchwork Love radiates with warmth, hope, and what it means to find your brave. Courage - that's the most important thing.*
