De ontdekking van Machu

This title offers a dynamic
understanding of tourism, usually
defined in terms of clearly
circumscribed places and
temporalities, to grasp its changing
spatial patterns. The first part looks

at the ' before ' – everyday places such as daily markets, flea markets, urban neighbourhoods, that have captured the tourists ' interest and have progressively experienced new development in their ordinary patterns. The second part investigates the ' after ' – former tourist spaces moving beyond the tourism sphere and becoming places of everyday life, study or work. Chapters explore what this means for local societies and examine this contemporary phenomenon of former tourist attractions becoming ordinary and everyday, and of ordinary places beginning to take on a tourist dimension. The hybridisation of tourist practices and ordinary

practices is also explored through a range of international case studies and examples written by highly regarded and interdisciplinary academics. This edited volume will be of great interest to upper-level students, academics and researchers in tourism, urban studies, and land use planning.

Jerusalem has long been one of the most sought-after destinations for the followers of three world faiths and for secularists alike. For Jews, it has the Western (Wailing) Wall; for Christians, it is where Christ suffered and triumphed; for Muslims, it offers the Dome of the Rock; and for secularists, it is an archeological challenge and a place of tragedy and beauty. This work concentrates on Jewish, Christian, Muslim, and secular pilgrimages to Jerusalem over the last three millennia, drawing from over 165 accounts of travels to the ancient city. Chapters are devoted to ghostly and other pilgrims, the significance of Jerusalem, the

ontdekkingsstocht naar de wereldberoemde Machu Picchu! Aan het begin van de vorige eeuw vochten avonturiers en ontdekkingsreizigers voor de laatste plaatsen in de geschiedenis boeken. Bijna heel de wereld was in kaart gebracht en slechts aan de meest onbereikbare plekken (de k2, Kangchenjunga, de Noord- en Zuidpool) viel nog eer te behalen. De jonge Amerikaanse universiteitsleraar Hiram Bingham III had zijn pijlen gericht op een ander doel: een verborgen stad in het Andesgebergte in Peru. Hij slaagde. Al op zijn eerste reis in 1911 door de jungle van de Inca's vond hij de nu wereldberoemde Machu Picchu. Bij terugkomst in Amerika werd de ontdekkingsreiziger onthaald als een held, en het speciaal aan hem gewijde nummer van National Geographic Magazine brak alle verkoopcijfers. In de eeuw die volgde werd er echter flink getwijfeld aan de

reputatie van Bingham: was hij wel echt de eerste, en waarom nam hij zo veel kunstvoorwerpen mee naar Amerika? Mark Adams is redacteur bij diverse reismagazines, maar ging zelf nooit op reis. Tot het moment kwam (noem het een midlifecrisis) om een tocht in de voetsporen van Bingham te maken. Samen met een eigenwijze, antisociale Australiër die alles over de Inca's weet en een groepje gidsen die alleen maar Quechua spreken en cocabladeren kauwen, wandelt Adams door de Peruaanse jungle. Als lezer ga je met hem mee, en leer je en passant van alles over Machu Picchu, Bingham, Peru toen en nu, ontdekkingsreizigers, astrologie en de Inca's.

Tourism is all about visuals. Visuals stimulate our imagination, create fantasy, and drive the audiences to take actions to realize these dreams through perceived reality. With media content presented through channels of television drama, reality shows, TV commercials, and movies, this book presents findings that help us better understand the relationships between nostalgia and film tourism; how reality TV shows affect tourist experience and authenticity; and how visuals

stimulate audiences' taste and olfactory senses and their relationship with gastronomical tourism. The book presents findings that explain the psychological mechanism of how modality and navigability influence tourists' behavioral intention. With its balanced research methodology (qualitative, quantitative, and the combination of both) and important topics covered in media tourism, Visual Media and Tourism serves as a pertinent reference book for subjects related to special interest tourism, such as film tourism, in undergraduate programs, or modules related to research methods in both undergraduate and graduate programs. It helps readers

This book presents new directions both for tourism and cultural landscape studies in geography, crossing the traditional boundaries between the research of geographers and scholars of the tourism industry. Drawing***

on selected research from Europe, Southeast Asia, the Pacific and North America, the contributors combine perspectives in human geography and tourism to present cultural landscapes of tourist destinations as socially constructed places, examining the extent and manner by which tourism both establishes and falsifies local reality. The book addresses many critical themes which recent critiques in tourism studies focusing on the attitudes and behaviour of the tourist and on the industry as agents of social change have

ignored, including the marginalization of the 'host' community, the privatization and commodification of local culture, and how tourism acts as both agent and process in the structure, identity and meaning of local places.

How Digital Storytelling is Transforming Healthcare

Through accessible discussions and exercises, readers learn to use composition, available light, color, and point of view to create stunning photographs in any environment. Photographers are born travelers. They'll go any distance to capture the right light, beautiful landscapes, wildlife, and people. But exotic locales aren't necessary for interesting photographs. Wonderful images are hiding almost everywhere; you just need to know how to find them. **Extraordinary Everyday Photography** will help you search beyond the surface to find the unexpected wherever you are, be it a downtown street, a local

park, or your own front lawn. Authors Brenda Tharp and Jed Manwaring encourage amateur photographers to slow down, open their eyes, and respond to what they see to create compelling images that aren't overworked. Inspiring photo examples from the authors, taken with DSLRs, compact digital cameras, and even iPhones, show that it is the photographer's eye and creative vision--not the gear--that make a great image.

In dit zeer persoonlijke boek bewijst Lena Dunham, de bedenker, producer en hoofdrolspeler van de HBO-serie *Girls*, dat ze een van de meest authentieke jonge Amerikaanse auteurs van dit moment is. Dunham beschrijft verliefdheden, eenzaamheid, hoe

Where To Download Amazing Places 200 Extraordinary Destinations Idioma

het is om vijf kilo te zwaar zijn terwijl je alleen maar gezonde dingen eet, vriendschappen met geweldige vrouwen, verbroken relaties met foute vriendjes, ware liefde, en bovenal: hoeveel moed het vergt om te geloven dat jouw verhaal het waard is om te vertellen. In 'Ontmaagd mij (Nee, echt, ga je gang)' doet ze verslag van haar eerste keer, die niet helemaal aan haar verwachtingen voldeed; in 'Foute jongens' onderzoekt ze waarom ze zich zo lang aangetrokken heeft gevoeld tot klootzakken; 'Is dit wel echt?' is een prachtige bespiegeling op haar obsessie met de dood, en in 'Ik heb niet met ze geneukt, maar ze schreeuwden tegen me' verheugt Dunham zich op de nietsontziende en allesonthullende memoires die

ze zal schrijven als ze tachtig is en het haar niets meer kan schelen hoe de wereld over haar denkt. Not That Kind of Girl is een rauwe, ontroerende reeks berichten van het front van de strijd die volwassen worden heet. 'Ik voorvoel nu al mijn toekomstige schaamte dat ik me verbeeldde je ook maar iets te kunnen bieden,' schrijft Dunham, 'maar als ik met dat wat ik heb geleerd één lullig baantje draaglijker kan maken voor jou, of je ervan kan weerhouden het soort seks te hebben waarbij je het gevoel hebt dat je je schoenen moet aanhouden voor het geval je er halverwege de daad vandoor wilt gaan, dan was elke misstap van mij het waard.'
