A book about the role of books in shaping the ancient religious landscape This collection of essays by leading scholars from a variety of academic disciplines explores the ongoing relevance of Harry Gamble’s Books and Readers in the Early Church (1995) for the study of premodern book cultures. Contributors expand the conversation of book culture to examine the role the Hebrew Bible, the New Testament, and the Qur’an played in shaping the Jewish, Christian, and Muslim religions in the ancient and medieval world. By considering books as material objects rather than as repositories for stories and texts, the essays examine how new technologies, new materials, and new cultural encounters contributed to these holy books spreading throughout territories, becoming authoritative, and profoundly shaping three global religions. Features: Comparative analysis of book culture in Roman, Jewish, Christian, and Islamic contexts Art-historical, papyrological, philological, and historical modes of analysis Essays that demonstrate the vibrant, ongoing legacy of Gamble’s seminal work

Finalist for the Pulitzer Prize and the National Book Critics Circle Award in Biography • “One of the most beautiful biographies I’ve ever read.” –Glennon Doyle, author of #1 New York Times Bestseller, Untamed The highly anticipated biography of Sylvia Plath that focuses on her remarkable literary and intellectual achievements, while restoring the woman behind the long-held myths about her life and art. With a wealth of never-before-accessed materials, Heather Clark brings to life the brilliant Sylvia Plath, who had precocious poetic ambition and was an accomplished published writer—even before she became a star at Smith College. Refusing to read Plath’s work as if her every act was a harbinger of her tragic fate, Clark considers the sociopolitical context as she thoroughly explores Plath’s world: her early relationships and determination not to become a conventional woman and wife; her troubles with an unenlightened mental health industry; her Cambridge years and thunderclap meeting with Ted Hughes; and much more. Clark’s clear-eyed portraits of Hughes, his lover Assia Wevill, and other demonized players in the arena of Plath’s suicide promote a deeper understanding of her final days. Along with illuminating readings of the poems themselves, Clark’s meticulous, compassionate research brings us closer than ever to the spirited woman and visionary artist who blazed a trail that still lights the way for women poets the world over.

Throughout his life, the poet and writer Gerard de Nerval (1808-1855) struggled with bouts of madness, and ended his life wandering homeless on the streets of Paris until he was found hanging from a sewer grating, an apparent suicide. As one of the most individualistic of the details of Nerval's life have passed into legend, as writers and commentators have served up any number of versions of his mysterious love affair with the actress Jenny Colon-not to mention his famous habit of walking a lobster on a pale blue leash through the gardens of the completion of his novella Sylvie in 1853, Nerval began, under advice from his doctor, an extended personal journal/essay chronicling his psychic experiences and visions. What emerged from these writings is Aurelia, a masterpiece in the literature of dreams and hallucinations, and prose works of nineteenth century French literature. Book jacket.

Libraries preserve the knowledge and ideas on which rights depend: no wonder they are so often attacked. Richard Ovenden tells the history of this deliberate destruction of knowledge--from library burnings to digital attacks and contemporary underfunding--and makes a passion these threatened institutions.

Admired by both Proust and Breton, this nineteenth century book was also the favourite of artist Joseph Cornell. An account of the author's passion for an actress and subsequent descent into madness, AURELIA is a document of dreams, obsessions, and insanity. One of the origins known in his day for parading a lobster on a blue ribbon through the gardens of the Palais-Royal, and for his suicide, (1855), hanging from an apron string he called the garter of the Queen of Sheba.

A convenient marriage An inconvenient passion... His parents’ loveless relationship has left silk merchant Jonathan Harcourt suspicious of marriage. But in order to expand his mill and have an heir, he must marry his neighbour Aurelia Upford. Even more surprising than finding himself with a clever, beautiful society wife is the unexpected passion that flares between them, and the unsettling emotions it leads to. Sharing a bed was part of their arrangement, but can Jonathan risk sharing his heart, too?

Princess Aurelia’s dreams of a life full of love and adventure become even more alluring when she meets village outcast Jastyn. Aurelia refuses to deny her attraction even after an unexpected attack on her family catapults her into the center of the Kingdom of Venostes’s sinister intrigues. Jastyn Cipher despises the royal family. After all, they are responsible for the exile of her mother and their life at the bottom of the social rung. She refuses to acknowledge her attraction to Princess Aurelia even when she is forced to seek help from the royal family when her sister falls gravely ill. While the circumstances of birth might keep them apart, fate seems determined to bring them together. When Aurelia is kidnapped, she and Jastyn must face their enemies, fae and human, if they want to survive. Book One of the Odium Trilogy
