Edgewater

Since 1722, Carteret County has withstood invasions by pirates and the Spanish, been home to Civil War generals and spies, and served the societal elite with opulent resort hotels. Its rich history has drawn tourists to the area from the earliest time. Much has changed since those early days: grand old hotels have succumbed to hurricanes, passenger and freight trains have nearly vanished, and once-quiet streets are now lined with cars. The postcards in this volume capture Carteret County's heritage from the early 1900s through the 1960s, illustrating its changes and preserving its history.

In 2000, for the first time, a majority of the world's population was living in cities. The trend towards increasing urbanization shows no sign of slowing and the third millennium looks set to be an unprecedentedly urban one. 'Making Sense of Cities' provides an up-to-date, vibrant and accessible introduction to urban geography. It offers students a sense of the patterns and processess of urbanization and the spatial organisation of cities, recognizing the significance of globalization, economics, politics and culture from a range of perspectives. Above all, it seeks to provide a relevant approach, inviting students to engage with competing theories of the urban and to assess them against the background of their own opinions and personal experience. Examples and case studies are drawn from a range of international settings, from San Francisco to Shanghai, Sydney to Singapore, giving a genuinely global coverage. The book is written in a fresh and engaging stlye, and is fully illustrated throughout. It is designed to appeal to any student of the urban and will be essential to students of geography, urban studies, town planning and land economy.

Set in the projects of Los Angeles, California, Edgewater Angels chronicles the adolescence of Sunny Toomer, a streetwise young man endlessly sandwiched between the right and wrong thing to do. In a neighborhood where an absentminded stare might be mistaken for a silent challenge for turf, and asking someone if they have a problem may cost you your life, Sunny ekes out survival amidst an incomparable cast of characters, including a husbandless mother, violence-prone uncles, and a cadre of strangely endearing men either headed for jail or out on parole. Written in original riff-like prose, Meallet gives us a unique story that is serious yet playful, daring in aim, and absolutely captivating.

If there's any place in Chicago that's been all things to all men, it has to be the corner of the city that is occupied by Edgewater and Uptown. Babe Ruth and Mahatma Gandhi found a place of refuge at the Edgewater Beach Hotel, but the locale has also been a sanctuary for Appalachian coal miners and Japanese Americans released from internment camps. Al Capone reportedly moved booze through a secret tunnel connecting the Green Mill and the Aragon Ballroom, "Burglar Cops" moonlit out of the Summerdale police station and a "Kitchen Revolt" by some not-very-ordinary housewives sent once-invulnerable machine ward boss Marty Tuchow on his way to Club Fed. Ferret out the hidden history of Uptown and Edgewater with veteran beat reporter Patrick Butler in this curio shop of forgotten people and places..

Lorrie Hollander used to be a rich girl, but now she's lost everything because of the secrets and lies of the people around her. Nothing epitomized the glamour and excitement of Chicago's jazz age and war years like the fabled Edgewater Beach Hotel. Much more than a hotel, the Edgewater Beach was a world unto itself--the only urban resort of its kind in the nation. Located on the shores of Lake Michigan on Chicago's North Side, it offered swimming, golf, tennis, dancing, theater, fine dining, exclusive shopping, fabulous floor shows, unique watering holes, and, of course, some of the best jazz and swing music of its era. It even had its own pioneering radio station, which broadcasted across the nation and burnished its fame. Many of the legends of the big band era played its stages, and many of Hollywood's leading stars crossed its footlights. It was a stomping ground for both the rich and famous as well as ordinary people who wanted a small taste of the high life. The Edgewater Beach Hotel was world renowned. But the social upheaval of the 1960s, the ascendance of automobile culture, and rapid urban change led to its demise.

"In Edgewater, her powerfully moving and redemptive third collection, Ruth L. Schwartz writes with consummate passion, precision, and honesty of the raw hungers that give rise to the world, human and natural. In poems both lyrical and grit-laced, she grapples with her twofold, central question: How can we love fully, open-eyed and openhearted amid all the flaws and beauty, each other and the world? How could we not?" -- Jane Hirshfield "Ruth L. Schwartz will settle for nothing less than the essential. Her passionate poems are alive to the vulnerability of the body, the daily possibility of joy, and the deep struggle not only to make sense of, but to affirm a world where the terrorists 'opened fire: / as if it were a box, now cracked, / consuming its own lid and hinges, / sparking out, unstoppable, / into the tender, / flammable world. . . "' -- Mark Doty "Ruth L. Schwartz has reached a level of poetic maturity that we're used to seeing only in the best of our American poetry.... She assumes a public voice in these poems, which speak to us rather than at us in the way they offer moral solutions to the problems of our modern world. She does this ... by reaching after and trying to understand the natural world and her place therein, and by modulating her poems with a subtle, ghostly music which has the capacity to lull us into understanding more about ourselves and about the wonderful ambiguities of living life,most fully." -- Bruce Weigl
