***Tim Donovan is a Catholic priest with a guilty conscience—though not in the way you'd guess. And Katherine Donne is a Parisian socialite who long ago kicked her self-respect to the curb—for good and for ill. And much closer, we have a group of men whose fortunes, graying temples and positions in life are distinguished and enviable. But their morals? Anything but. And that's where Evan Reed comes in. Evan (short for Evangeline) is a highly principled political operative with an imperfect past, tasked with uncovering compromising material on a rotten judge up for nomination to the U.S. Supreme Court before he can be rushed through confirmation. Evan knows it won't be simple to find damaging information against the judge because he's been vetted many times before. When Evan pulls the string after an interview with a cryptic madman, she finds herself struggling to solve a puzzle that gets more complex by the hour. And where crime, money, conscience, and greed come together, danger is sure to lurk. In this sequel to Dust, Ann McMan takes the reader on an intense journey into a world that lies just beneath the thin veneer of civilization—a***

**"Dave Hickey gets it exactly right in his preface to this collection of journalism, poetry, fiction and memoir: Lewis, who died in 1997, was indeed 'the most stone wonderful writer that nobody ever heard of.' Writing for Rolling Stone in the early '70s, he almost singlehandedly invented the movie set piece, and no one's ever**

**improved on his flint-eyed profiles of Sam Peckinpah and the Allman Brothers. But the best piece here is his searing memoir of his white-trash Texas parents, who died in what was ruled a double suicide. Etched in acid and heart's blood, it is a terse masterpiece." —Malcolm Jones, Newsweek "The least known of the New Journalism's founding fathers, Grover Lewis has long been a legend among nonfiction writers, and this overdue collection shows us why. A beautiful stylist blessed with a blistering honesty, Grover saw it all and wrote it like nobody else could. Put Splendor in the Short Grass up on the shelf with the best of Tom Wolfe, Hunter Thompson and Gay Talese. It belongs there." —Kenneth Turan, film critic for the Los Angeles Times and National Public Radio's Morning Edition "Grover Lewis, the most literary of journalists, did things his way, simultaneously inventing a genre and setting the standard. These days ambitious feature writers, whether they know it or not, all strive to do it Grover's way. But, as this long overdue collection shows, not only did Grover do it first, he did it best." —Tim Cahill,**

**author of *Lost in My Own Backyard* and *Hold the Enlightenment* "Grover Lewis was a gift to American letters. He had a hard eye, a sharp eye for hidden reality, and the unique ability to raise a popular journalism piece to the level of a universal truth. Plus he wrote like an angel. This collection, *Splendor in the Short Grass*, is not just a terrific read, it's an important work. I loved every page of it." —James Crumley, author of the hardboiled mysteries *Dancing Bear*, *The Last Good Kiss*, and *The Final Country* "Your gonzo journalism library isn't complete without him." —Ruminator "Grover was, after all, the most stone wonderful writer that nobody ever heard of....His job was to hammer the detritus of fugitive cultural encounters into elegant sentences, lapidary paragraphs, and knowable truth; and, in truth, the loveliness and lucidity of Grover's writing always rose to the triviality of the occasion." —Dave Hickey, from the foreword**

**Grover Lewis was one of the defining voices of the New Journalism of the 1960s and 1970s. His wry, acutely observed, fluently written essays for *Rolling Stone* and the *Village Voice* set a**

Pioneering the "on location" reportage that has become a fixture of features about moviemaking and live music, Lewis cut through the celebrity hype and captured the real spirit of the counterculture, including its artificiality and surprising banality. Even today, his articles on Woody Guthrie, the Allman Brothers, the Rolling Stones concert at Altamont, directors Sam Peckinpah and John Huston, and the filming of The Last Picture Show and One Flew over the Cuckoo's Nest remain some of the finest writing ever done on popular culture. To introduce Grover Lewis to a new generation of readers and collect his best work under one cover, this anthology contains articles he wrote for Rolling Stone, Village Voice, Playboy, Texas Monthly, and New West, as well as excerpts from his unfinished novel The Code of the West and his incomplete memoir Goodbye If You Call That Gone and poems from the volume I'll Be There in the Morning If I Live. They also pay tribute to Lewis's groundbreaking talent as a stylist, whose unique voice deserves to be more widely known by today's readers.**

she dares. Crush (n.): a strong and often short-lived infatuation, particularly for someone beyond your reach... Darcy Barrett has undertaken a global survey of men. She 's travelled the world, and can categorically say that no one measures up to Tom Valeska, whose only flaw is that Darcy 's twin brother Jamie saw him first and claimed him forever as his best friend. That 's the problem with finding her dream man at age eight and peaking in her photography career at age twenty—ever since, she 's had to learn to settle for good enough. When Darcy and Jamie inherit a tumble-down cottage from their grandmother, they 're left with strict instructions to bring it back to its former glory and sell the property. Darcy plans to be in an aisle seat halfway across the ocean as soon as the renovations start, but before she can cut and run, she finds a familiar face on her porch: house-flipper extraordinaire Tom 's arrived, he 's bearing power tools, and he 's single for the first time in almost a decade. Suddenly Darcy 's considering sticking around to make sure her twin doesn 't ruin the cottage 's inherent magic with his penchant for grey and chrome. She 's definitely not staying because of her new business partner 's tight t-shirts, or that perfect face that's inspiring her to pick up her camera again. Soon sparks are flying—and it 's not the faulty wiring. It turns out one percent of Tom 's heart might not be enough for Darcy anymore. This time around, she 's switching things up. She 's going to make Tom Valeska 99 percent hers. This

next hilarious romance includes a special PS section with two Happily Ever Afters—one for this novel featuring Darcy and Tom and the other, an epilogue featuring fan favorites Lucy Hutton and Josh Templeman from *The Hating Game!*

*Through the Eyes of the Accused* takes the reader on a literary journey into the drinking establishments as we meet James, Tammy, Sally, and Dawn. James' romantic attention shifts from Denise to Dawn, and the former doesn't take this lying down. Tammy plots to have James arrested with a trumped up story of sexual assault. "Great idea," Tammy says, "lets nail that creep". Their efforts are

sadly successful and he is hauled before Judge Thomas who sets bail at fifteen hundred dollars. The reader watches the legal dealings that follow and share James' frustration at the injustice - "How could someone do something so rotten to another human being?" Later in the book James finds a new romantic partner brought into his life; he begins to date Tina. The court gives him five years probation. Soon Dave, the probation officer, has him tested as being intoxicated over the legal limit - a violation of probation. "You people have been trying to put me in jail right from the beginning and now you've got you wish," James defiantly tells Dave. He finds himself sentenced to nine months in jail all stemming from a crime he didn't commit. Through *The Eyes of the Accused* does not shirk from taking the reader inside the jail cell for the pain suffered there. Ultimately Jim and Tina focus on a plan to get Denise to spill the beans. Tina goes undercover with several others and unbeknownst to Denise, she is tape recorded describing how she framed him. At last vindicated, he is release from jail - "It seems so good to be out of here... it's finally over."

Get a deeper understanding of police shootings through interviews with officers involved in real-life cases Today ' s media is filled with discussions about officer-involved shootings. Too often missing from that discussion are the police officers ' voices and the reality of what happens in actual shooting incidents. Through actual interviews with involved officers, this book addresses common myths and misunderstandings about these

shootings. *Shots Fired* is a journey “ behind the shield ” and the experiences of the real human beings behind the badge. It explores true events through the participants ’ own eyes and takes readers inside the minds of officers during the actual event. The officers detail the roller coaster of emotions and severe trauma experienced during and after a shooting event. Along with the intimate, in-depth explorations of the incidents themselves, the book touches the aftermath of police-involved shootings—the debriefings, internal and external investigations, and psychological evaluations. It challenges many commonly held assumptions created by the media such as the meaning of “ unarmed ” and why the police can ’ t just “ shoot him in the leg, ” creating an understanding that reaches beyond slogans such as “ hands up, don ’ t shoot. ” The book is valuable reading for anyone who wants a deeper understanding of police shootings—officers and police departments, reporters and politicians, and the public who rely on the police to keep them safe.

See how effectual prayer, done in awe of the amazing power of God and His love, is sustenance for the disciple, confirming one's belief while granting the ability and strength to face life's trials with confidence. Before it's too late, consider your life, your thoughts, your actions. Remember what's at risk—separation from Him, forever. Then ask yourself, "Am I born of the Spirit?"*

*This book is an observation of the characteristics of different relationships, people in those relationships, and the actions taken*

that lead people to have damaged hearts and how they can go about loving people who are much like themselves. The author reveals his own personal issues and solutions as well as examines others in hindsight in a conversational fashion. The purpose of the book is to get people to try and understand the actions of others and to thoroughly consider their own action when it comes to healthy and dysfunctional relationships.

***We hear plenty about the widening income gap between the rich and the poor in America and about the expanding distance separating the haves and the have-nots. But when detailing the many things that the poor have not, we often overlook the most critical—their health. The poor die sooner. Blacks die sooner. And poor urban blacks die sooner than almost all other Americans. In nearly four decades as a doctor at hospitals serving some of the poorest communities in Chicago, David A. Ansell, MD, has witnessed firsthand the lives behind these devastating statistics. In *The Death Gap*, he gives a grim survey of these realities, drawn from observations and stories of his patients. While the contrasts and disparities among Chicago’s communities are particularly stark, the death gap is truly a nationwide epidemic—as Ansell shows, there is a thirty-five-year difference in life expectancy between the healthiest and wealthiest and the poorest and sickest American neighborhoods. If you are poor, where you live in America can dictate when you die. It doesn’t need to be this way; such divisions are not inevitable. Ansell calls out the***

***social and cultural arguments that have been raised as ways of explaining or excusing these gaps, and he lays bare the structural violence—the racism, economic exploitation, and discrimination—that is really to blame. Inequality is a disease, Ansell argues, and we need to treat and eradicate it as we would any major illness. To do so, he outlines a vision that will provide the foundation for a healthier nation—for all. Inequality is all around us, and often the distance between high and low life expectancy can be a matter of just a few blocks. But geography need not be destiny, urges Ansell. In The Death Gap he shows us how we can face this national health crisis head-on and take action against the circumstances that rob people of their dignity and their lives.***
