

Leadership 101 What Every Leader Needs To Know By John C

Bestselling author John C. Maxwell shows you how the Golden Rule works everywhere, and how, especially in business, it brings amazing dividends.

Youth and childrens' ministry is impacted by many things - from training and resources to demographic. But ultimately it is leadership skills that determine how fruitful our ministries can be. Leadership 101 is a manual designed to equip youth and kids workers with the tools they need not just to lead, but to lead well. Taking a holistic look at leadership, Tim Alford, national director of Limitless, explores the principles of self-leadership, culture and team building, vision and strategy and offers practical, experienced advice how to implement those principles in our Christian leadership. Thoroughly readable and entirely applicable, Leadership 101 is the perfect leadership book for childrens' and youth workers to refer to again and again as you lead your ministry into a brighter, more fruitful, future.

Who cares about a person's attitude? As long as someone can do the job, you shouldn't worry too much about it, right? If John Maxwell believed that, you wouldn't have Attitude 101 in your hands right now. As America's leadership expert, Dr. Maxwell has devoted his life to helping people become more successful. His books and seminars teach that anyone can be a REAL success if they master skills in four areas: Relationships, Equipping, Attitude, and Leadership. This book is designed to give you the essentials of attitude. People's lives are so hectic. Their time is valuable, and yet, they are also on information overload. More new information has been produced in the last thirty years than in the previous five thousand. A weekday edition of the New York Times contains more information than average people in seventeenth-century England were likely to come across in their lifetime. The amount of information available in the world has doubled in the last five years, and it will keep doubling. So this book, a companion to Leadership 101, Relationships 101 (available January 2004), and Equipping 101 (available January 2004), is the short course on attitude. Dr. Maxwell recognizes that as an individual, your attitude has a profound impact on your life. As a leader, you cannot ignore the attitudes of the people you lead and expect to achieve success—whether you're leading a business, a family, a sports team, or a group of volunteers. A person's attitude impacts their relationships, colors their view of failure, and defines their approach to success. Attitude can make or break you.

When Diana Lu was three years old, her world turned upside down. China's Cultural Revolution was under way, and Diana's family was forced to leave their comfortable, educated, middle-class life in the city. They relocated to an impoverished coal-mining village at the edge of the Gobi Desert, where they were to be "re-educated." Life in that remote place was a constant struggle against hunger, cold, and fear.

Online advertising, also called online marketing or Internet advertising, is a form of marketing and advertising which uses the Internet to deliver promotional marketing messages to consumers. It includes email marketing, search engine marketing (SEM), social media marketing, many types of display advertising (including web banner advertising), and mobile advertising. Like other advertising media, online advertising frequently involves both a publisher, who integrates advertisements into its online content, and an advertiser, who provides the advertisements to be displayed on the publisher's content. Other potential participants include advertising agencies who help generate and place the ad copy, an ad server who technologically delivers the ad and tracks statistics, and advertising affiliates who do independent promotional work for the advertiser. Internet marketing can also be broken down into more specialized areas such as Web marketing, email marketing and social media marketing:1) Web marketing includes e-commerce Web sites, affiliate marketing Web sites, promotional or informative Web sites, online advertising on search engines, and organic search engine results via search engine optimization (SEO).2) Email marketing involves both advertising and promotional marketing efforts via e-mail messages to current and prospective customers.3) Social media marketing involves both advertising and marketing (including viral marketing) efforts via social networking sites like Facebook, Twitter, YouTube and Digg.
