

No One But Us English Edition

The purpose of this book is to inspire you to use English in a way that will influence the minds and hearts of the people you communicate with and open doors of opportunity for you not only in your local region but around the globe. It is the fruit of the authors forty years of experience in teaching students and professionals to write and speak effectively in English brought to you in one handy volume. This is a book that will radically transform the way you write, speak, and even think, in the English language; encourage you to break every idiotic rule passed down by tradition and to make a few bold ones of your own; and serve as your crucial stepping stone to using English intelligently, confidently, and influentially in the highest business, professional, and social circles in the international sphere.

Boys of the Clouds tells the fascinating stories, in their own words, of over seventy veterans of the 1st Canadian Parachute Battalion during the Second World War. The Battalion, part of the British 6th Airborne Division, was among the very first

Allied soldiers to land on French soil on June 6, 1944. Despite a widely scattered drop, they managed to take and hold all their objectives on D-Day, and continued to hold off German counter attacks through that fateful summer. After suffering heavy losses in Normandy, the unit returned to England in September 1944 to refit and train for the next airborne operation. This training was interrupted when they were hastily sent to defend against the German offensive in the Ardennes, commonly known as the Battle of the Bulge. They were the only Canadian unit to take part in this action. After the threat had passed, and the German offensive halted, they once again returned to England to prepare for the next drop. This finally came on March 24, 1945 when the Allies were able to cross the Rhine in a massive combined airborne and river crossing operation, the largest the world has ever seen. Success came quickly on the drop zone and within three days, they embarked on a hectic journey that would take them from the Rhine River all the way to Wismar on the Baltic Sea by May 2nd, where they linked up with Russian forces. This historic meeting signified the end of the war in Europe. The Battalion then had the honour of being the first Canadian

unit to return to Canada as a complete group. They landed in Halifax to a tumultuous welcome and were awarded the key to the city. Follow their arduous and often hilarious journey and discover why they joined up, what the parachute training was like, especially their first jump, what it was like jumping into action for the first time in Normandy, the conditions in the Ardennes, crossing the Rhine and the fateful trek to Wismar to end the war. It's all here, in their own words.

Famous Adventures and Prison Escapes of the Civil War (Civil War Classics)

This stimulating new book challenges Freud's definition of the uncanny, prevalent in the study of Gothic and Romantic fiction, by reviving the importance of uncertainty in the uncanny. Literary criticism views the uncanny as an expression of the return of the repressed. Falkenberg's expanded definition includes, but is not limited to, the psychoanalytic and instead redefines the uncanny as a cognitive and aesthetic phenomenon. Beyond offering a survey of what David Punter has called «The Theory of the Uncanny», this study places the uncanny in the context of the poetological and philosophical background of the Romantic period. In close readings of two stories that have stood at the center of the debate about the uncanny - E.T.A. Hoffmann's «Sandman» and Ludwig Tieck's «Blond Eckbert» - the author shows how these texts are constructed as uncanny phenomena in themselves. The study traces fairytale

elements, framing techniques, and interdependencies between the fictional productions of the protagonists and their «dark fates» to expose how these texts confront the reader with paradoxical decoding instructions. This expanded and revised uncanny not only yields new readings of two classic German short stories, it also leads to a better understanding of the cultural soil that nourished the Romantic Movement.

This book is a record of my life in and reactions to Libya during the two periods I have lived there: first as a British army conscript in Tripolitania from June 1950 to July 1951, then as a university teacher in Cyrenaica from September 1965 to July 1967. That there is a connection between the two Ñ that my second stay was the result of my first Ñ quickly becomes apparent. To revisit a Land of Lost Content is supposed to be a mistake, and I dare say it generally is. One thinks of those public school Captains of Games who, on leaving university, tunnel back as quickly as possible into the golden world of youth by returning to

those same public schools as masters, and spend the rest of their lives training up new Captains of Games. But my return to Libya was different, partly because at thirty-five I was quite aware of the illusions of twenty, and partly because I came not to Tripolitania, the western province of the country, but to Cyrenaica in the east, which I had never seen before. And in Benghazi I settled down with my family and became part of a Libyan institution, rather than being a single soldier forced by circumstance on to the periphery of Libyan life. No one has yet written a wholly satisfactory book about Libya: the journals of nineteenth-century and later desert travellers, war memoirs, archaeological monographs, economic and sociological surveys, accounts such as Gwyn Williams's Green Mountain and Agnes Newton Keith's Children of Allah — many of these give attractive and interesting glimpses but all are in some way narrow and partial. I can't suppose that my own account is any less so, but I hope that at any rate it gives some sense of the feel of this huge and still little-known country, so close to

Europe and yet so remote. If there are more ruins than oil-rigs in the book, that is a matter of my own antiquarian tastes; if there seem to be more ruins than people, I have little to fall back on but that remark of Rose Macaulay's that she often found ruins more interesting than people. Ignorance dictates my sub-title: this book is an experience, a personal one, and does not set out to be authoritative and definitive.

Hanson refuses a presidential order to surrender his battalion to be butchered by ISIS when they overrun the Mid-East. He's reduced to the ranks and sent to a company of Marines that provides security to the hospital complex in New York City that serves the now dominant U.N. He meets Dr. Carver, they become friends and cooperate in dealing with the aggressive Arabs. A deadly terrorist attack kills Hanson's son and Carver's daughter. They make a plan to identify the terrorist cell and eliminate them. They target a safe house in Brooklyn and after a brief fight they discover nuclear material, intended for a dirty bomb. Government agencies dismiss the threat of more nuclear material out there, and it will be up to a new President to avoid a nuclear disaster.

Thrilling adventure tale set in 10th century England. As the first millennium closes, Anglo-Saxon England is gripped by fear and expectation of the end of the world. But an ancient prophesy foretells a hero, a man of destiny who will redeem the people. But who is he, and can he be found in time, as Viking raiders plan

invasion and conquest? The second of his "Mercian Trilogy" series, this new story by Martin Wall is based on two Anglo-Saxon sagas which were lost after the Norman conquest --- the saga of Edmund Ironside, and the saga of Edric Streona, the most dastardly villain in English history. The darkest period of Anglo-Saxon times, the disastrous reign of King Ethelred "the unready" forms the backdrop for this epic tale of one man's quest as he traverses a country stricken by internal division, intrigue, and invasion by the Vikings.

In 2010, bestselling author Kathleen Winter took a journey across the legendary Northwest Passage. From Greenland to Baffin Island and all along this arctic passage, Winter witnesses the new mathematics of the melting North - where polar bears mate with grizzlies, creating a new hybrid species; where the earth is on the cusp of yielding so much buried treasure that five nations stand poised to claim sovereignty of the land; and where the local Inuit population struggles to navigate the tension between taking their part in the new global economy and defending their traditional way of life. In breathtaking prose charged with vivid descriptions of the land and its people, Kathleen Winter's Boundless is a haunting and powerful story: a homage to the ever-evolving and magnetic power of the North.

Some people cant see the forest for the treesthey get so bogged down in details that they lose sight of what its all about. Others cant see the trees for the forestthey miss the wondrous details all around them. So why not look instead at both the forest and the trees? This commentary on Pauls letter to the Colossians guides you in doing just that. Even though we will be exploring ancient biblical cultures and learning plenty about the Greek language, no prior academic training is needed. Technical terms have been set aside. Instead, with everyday language we will discover the big picture and revel in the fine details of this stunning letter, amazed by how God is still speaking these same words today to contemporary personal and social challenges. We will not then be tourists rapidly zipping through Colossians as if on a monotonous interstate highway. Instead we will be hiking our way through this letter, step by step, phrase by phrase, finding joy in Gods truth and growing in our faith. Come and join the journey.

Julie Otsuka's The Buddha in the Attic, the follow-up to When the Emperor Was Divine was shortlisted for the 2011 National Book Award for Fiction and the 2011 Los Angeles Times Book Prize, and winner of the Pen Faulkner Award for Fiction 2012. Between the first and second world wars a group of young, non-English-speaking Japanese women travelled by boat to America. They were picture brides, clutching photos of husbands-to-be whom they had yet to meet. Julie Otsuka tells their extraordinary, heartbreaking story in this spellbinding and poetic account of strangers lost and alone in a new and deeply foreign land. 'Sweeping, symphonic, empathic . . . subtle, infinitely skilful . . . an exhilarating, compulsive read. Otsuka's haunting, heartbreaking conclusion, in the aftermath of Pearl Harbor, is faultless' Daily Mail 'A tender, nuanced, empathetic exploration of the sorrows and consolations of a whole generation of women . . . the distaff equivalent of a war memorial' Daily Telegraph 'A haunting and heartbreaking look at the immigrant experience . . . Otsuka's keenly observed prose manages to capture whole histories in a sweep of gorgeous incantatory sentences' Marie Claire 'An understated

masterpiece... she conjures up the lost voices of a generation of Japanese American women without losing sight of the distinct experience of each' San Francisco Chronicle Julie Otsuka was born and raised in California. She is the author of the novel When the Emperor Was Divine, and a recipient of the Asian American Literary Award, the American Library Association Alex Award, and a Guggenheim fellowship. Her second novel, The Buddha in the Attic, was nominated for the 2011 National Book Award. She lives in New York City.

To commemorate the 150th Anniversary of the end of the Civil War, Diversion Books is publishing seminal works of the era: stories told by the men and women who led, who fought, and who lived in an America that had come apart at the seams. For those who did not die on the battlefield, but who were instead taken prisoner, the Civil War presented an even more intense version of hell. Prison conditions were abysmal, and the prisoners frequently died of starvation and disease. These accounts of prison escapes show what

Read Book No One But Us English Edition

desperate men will do, fleeing unequivocal peril to land behind enemy lines, struggling to get back to their own side and live to fight another day. Searing and difficult, this account puts readers into the minds of men at the precipice, willing to risk death for freedom. Throughout Church history, a lack of clear thought has been the chief cause of heresy: wherever indifference to doctrine and theology has arisen, neglect and rejection have soon followed. Christianity today faces a crisis in thinking: there is both an indifference toward, and neglect of, serious thought about Christian doctrine and theology. Instead, personal experience has been given primacy. Thinking Christianity attempts to reverse this popular attitude and forestall the rejection of the Christian gospel that will otherwise inevitably follow. Author Daniel Klassen covers two aspects of thinking in the Christian faith: the necessity for thinking, and the need for proper thinking. Addressing the first aspect, he answers questions such as “Why should Christians think?”, “Is faith reasonable and rational?”, “How do we know God?”, and “How do we know the truth?”. Addressing the second aspect, he explores foundational beliefs for the Christian faith, covering questions such as, “What is salvation?”, “What is sanctification?”, “How do we gain assurance?”, and “What does it mean to worship God?”. Throughout the book, he attempts to answer these questions with clarity and truthfulness by expounding Scripture, using historical examples from the Reformation, and exploring philosophical ideas. This clearly reasoned, timely book will help Christians live in assurance and confidence in God—and preserve the gospel for future generations.

A sharply funny yet poignant story about a courageous girl growing up in 1960s North India, from an exciting new voice in Australian fiction. In the turbulent years that follow the British Empire's collapse in India, rebellious and inquisitive Lucy de Souza is born into an affluent Indian family that once prospered under the Raj. Known as Black British because of their English language and customs, when the British deserted India Lucy's family was left behind, strangers in their own land. Now living isolated from the hostile locals who see her family as remnants of an oppressive regime, a young Lucy grows up in the confines of their grand yet ramshackle home located in the dry, dispirited plains of Kanpur. But when it is time to start her education, Lucy finds herself angry and alone, struggling to find her place in this gentle country ravaged by poverty and hardship, surrounded by girls who look like her but don't speak her language. Encouraged by her strong-minded mother and two older sisters, as she matures the ever-feisty Lucy begins to question the injustices around her, before facing a decision that will change the course of her life forever. A richly visceral and stunning debut,
