

Opposition Lux

[[Opposition]] is het vijfde en laatste deel van de Lux-serie van Jennifer L. Armentrout. Na [[Obsidian]], [[Onyx]], [[Opal]] en [[Origin]] is [[Opposition]] de absolute climax van deze young adult-crossover-serie. Katy en Daemon moeten harder vechten dan ooit voor het voortbestaan van de mensheid én van hun liefde. Jennifer L. Armentrout voert je mee naar de wereld van de alien en de boekblogger en sluit de Lux-serie op een geweldige manier af met [[Opposition]].
[[Stap voor stap neemt Jennifer L. Armentrout de lezer mee naar een andere wereld om zo even te vluchten uit het hier en nu. En dat doet ze meer dan goed.]]

Jennifer L. Armentrout is op dreef met de Origin-serie, waarin [[The burning shadow]] het tweede deel is. In dit boek is voor Evie niets meer hetzelfde. In [[The darkest star]], het eerste deel van de serie, heeft ze opper-Luxen Luc ontmoet. In [[The burning shadow]] kan ze zich daar niets van herinneren. Evie is een paar maanden uit haar geheugen kwijt. Op zoek naar het antwoord op de vraag wie ze is en wie ze was, belandt ze steeds dieper in de wereld van de Luxen. En ze zal al snel ontdekken dat als je daar eenmaal in zit, je er niet zo makkelijk meer uit komt. De Origin-serie is een zijdelings vervolg op de Lux-serie, waarmee Jennifer L. Armentrout zichzelf voogde op de kaart zette als fantasyauteur. Haar fans hadden nog niet genoeg van de wereld die ze creëerde. Zijzelf gelukkig ook niet.

[[Onyx]] is het tweede deel van de vijfdelige fantasyserie [[Lux]] van Jennifer L. Armentrout. Katy valt in dit boek tegen beter weten in steeds meer voor Daemon, terwijl het juist van het grootste belang is dat niemand weet dat zij met elkaar verbonden zijn. Dat zou namelijk haar dood worden. En die van Daemon net zo goed, trouwens. Ze moet tegen hem liegen om bij hem uit de buurt te blijven, hoe zwaar haar dat ook valt.
[[Onyx]] gaat meteen verder waar het vorige deel van Jennifer L. Armentrouts [[Lux]]-serie [[Obsidian]] ophield. Hierna volgen nog drie delen.

Czechoslovakia has captured the nation’s imagination throughout the twentieth century. The Allied betrayal of the country to Nazi Germany in 1938 was to demonstrate the appalling consequences of naive appeasement of aggression. The wholesale reform of Soviet communism in the Prague Spring of 1968 won western support, and sympathy when it was crushed by Warsaw Pact tanks. The fierce communist regime thereafter was brought down almost magically in 1989. Czechoslovakia added to the international political vocabulary the term, ‘Velvet Revolution’, and the velvet metaphor has characterised much of the country’s path-breaking postcommunist transformation and its peaceful break-up in 1993. In separate chapters on history, politics, economics, foreign relations and the new Czech identity, this book not only applauds the successes of the Czech Republic since 1993, but also uncovers the frayed edges of the velvet nation.

'The Brightest Night' van Jennifer L. Armentrout is het superspannende slot van de Origin-serie. Evie moet in 'The Brightest Night' van Jennifer L. Armentrout leren accepteren dat haar leven nooit meer hetzelfde wordt. Een jaar geleden was Evie een heel normaal meisje met een heel normaal leven. Dat bleek een grote leugen nu ze eindelijk weet wie ze was en wat ze houden zodat ze niemand in gevaar brengt, ook Luc niet. Hij kent haar als de beste en zal alles doen om haar te beschermen: liegen, bedriegen én doden. Maar dan blijkt dat zelf Luc niet alles weet... 'The Brightest Night' is het laatste deel van de populaire Origin-serie van Jennifer L. Armentrout. Eerder verschenen 'The Darkest Star' en 'The Burning Shadow'.

This book considers the emergence of centre right parties in Eastern Europe following the fall of communism, focusing primarily on the case of the Czech Republic. Although the country with the strongest social democratic traditions in Eastern Europe, the Czech Republic also produced the region’s strongest and most durable party of the free market right in Václav Havel’s first term. This book considers the different varieties of right-wing politics that emerged in post-communist Europe, exploring in particular detail the origins of the Czech neo-liberal right, tracing its genesis to the reactions of dissidents and technocrats to the collapse of 1960s reform communism. He argues that, rather than being shaped by distant historical legacies, the emergence of these responses of counter-elites, outside or marginal to the former communist party-state establishment, to the collapse of communism and the imperatives of market reform and decommunization. This volume goes on to consider the emergence of right-wing forces in the disintegrating Civic Forum movement in 1990, the foundation of the ODS, the right’s period in office in 2002, and the decline. It concludes by analyzing the ideology of the Czech Right, and its growing euroscepticism.

The Use and Usefulness of Trademarks in Developing Countries

In Post-War Britain cultural interventions were a feature of fascist parties and movements, just as they were in Europe. This book makes a new major contribution to existing scholarship which begins to discuss British fascism as a cultural phenomenon. A collection of essays from leading academics, this book uncovers how a cultural struggle lay at the heart of the hegemonic projects of all varieties of British fascism. Such a cultural struggle is enacted and reflected in the text and talk, music and literature of British fascism. Where other published works have examined the cultural visions of British fascism during the inter-war period, this book is the first to dedicate itself to detailed critical analysis of the post-war cultural landscapes of British fascism. Through discussions of cultural phenomena such as folk music, fashion and neo-nazi fiction, among others, Cultures of Post-War British Fascism builds a picture of Post-War Britain which emphasises the importance of understanding these politics with reference to their corresponding cultural output. This book is essential reading for undergraduates and postgraduates studying far right politics and British history.

Court of Customs and Patent Appeals Reports

As the tumultuous decade of the 1960s ended, a number of very traditional, very conservative, highly prestigious colleges and universities in the United States and the United Kingdom decided to go coed, seemingly all at once, in a remarkably brief span of time. Coeducation met with fierce resistance. As one alumnus put it in a letter to his alma mater, "Keep the damned women out." Focusing on the complexities of institutional decision making, this book tells the story of this momentous era in higher education—revealing how coeducation was achieved not by organized efforts of women activists, but through strategic decisions made by powerful men. In America, Ivy League schools like Harvard, Yale, Princeton, and Dartmouth began to admit women; in Britain, several of the men's colleges at Cambridge and Oxford did the same. What prompted such fundamental change? How was coeducation accomplished in the face of such strong opposition? How well was it implemented? Nancy Weiss Malkiel explains that elite institutions embarked on coeducation not as a moral imperative but as a self-interested means of maintaining a first-rate applicant pool. She explores the challenges of planning for the academic and non-academic lives of newly admitted women, and shows how, with the exception of Mary Ingraham Bunting at Radcliffe, every decision maker leading the charge for coeducation was male. Drawing on unprecedented archival research, “Keep the Damned Women Out” is a breathtaking work of scholarship that is certain to be the definitive book on the subject. Journalistic activity crosses national borders in creative and sometimes unexpected ways. Drawing on many interviews and newsroom observation, this book addresses an overlooked but important aspect of international journalism by examining how journalists carry out their daily work at the transnational and regional transborder level.

El mundo ha cambiado desde la noche en que llegaron los Luxen. Katy no puede creer que Daemon haya dado la bienvenida a los de su raza, que amenazaban con destruir hasta al último humano e híbrido de la Tierra. Pero las líneas entre el bien y el mal han quedado borrosas, y el amor se ha convertido en una emoción que podría destruirla, que podría destruirlos a todos. Daemon hará lo que haga falta por salvar a aquellos que ama, aunque esto implique la traición. Para sobrevivir a la invasión deberán crear alianzas inesperadas, pero cuando se vuelva imposible distinguir entre amigos y enemigos, ambos podrían perderlo todo. La guerra ha llegado a la Tierra. Y, sea cual sea el resultado, el futuro jamás será el mismo para aquellos que sobrevivan. SAGA LUX #5

Armentrouts Lux-serie, waarin Daemon en Katy van elkaar gescheiden zijn geraakt omdat Katy gevangen is genomen. Daemon zet alles op alles om haar terug te vinden – hij zou zelfs zijn eigen soort verraden. Ondertussen doet Katy, omringd door de vijand, wat ze maar kan om te overleven. Ze is doodsbang, maar wat kan ze doen? Nu de Lux-serie de ontknoping nadert, wordt het verhaal alleen maar spannender. Jennifer L. Armentrout heeft met 'Origin' een pageturner vanjewelste geschreven. Conformément aux prédictions du Dédale, la situation s’est compliquée dès lors que des milliers de Luxens ont débarqué sur Terre. Alors même qu’il les sait capables d’éliminer les derniers humains et hybrides, Daemon les a suivis et n’a plus donné signe de vie depuis cette terrible nuit aux allures d’apocalypse. Rongée par l’inquiétude et le doute, Katy peine à admettre que les frontières entre le bien et le mal se brouillent. Or, la guerre est là et, quelle qu’en soit l’issue, l’avenir ne sera plus jamais le même. Elle espère toutefois que Daemon fera tout pour préserver ceux qu’il aime, même si cela signifie trahir les siens. Cependant, est-il encore seulement capable de discerner ses amis de ses ennemis ?

Discover the New York Times bestselling Lux series, which RT Book Reviews called "A thrilling ride from start to finish," from the very beginning... Starting over sucks. When we moved to West Virginia right before my senior year, I'd pretty much resigned myself to thick accents, dodgy internet access, and a whole lot of boring...until I spotted my hot neighbor, with his looming height and eerie green eyes. Things were looking up. And then he opened his mouth. Daemon is infuriating. Arrogant. Stab-worthy. We do not get along. At all. But when a stranger attacks me and Daemon literally freezes time with a wave of his hand, well, something...unexpected happens. The hot alien living next door marks me. You heard me. Alien. Turns out Daemon and his sister have a galaxy of enemies wanting to steal their abilities, and Daemon's touch has me lit up like the Vegas Strip. The only way I'm getting out of this alive is by sticking close to Daemon until my alien mojo fades. If I don't kill him first, that is. "Keep the Damned Women Out"

From Jennifer L. Armentrout, author of the Covenant series, comes the stunning, hotly-anticipated climax to the New York Times bestselling Lux series. Also includes Shadows, the prequel novella to the series. Katy knows the world changed the night the Luxen came. She can't believe Daemon welcomed his race or stood by as his kind threatened to obliterate every last human and hybrid on Earth. But the lines between good and bad have blurred. Daemon will do anything to save those he loves, even if it means betrayal. But when it quickly becomes impossible to tell friend from foe, and the world is crumbling around them, they may lose everything to ensure the survival of their friends...and mankind. War has come to Earth. And no matter the outcome, the future will never be the same for those left standing.

Als je de Lux-serie van Jennifer L. Armentrout hebt verslonden – of dat van plan bent – mag je ‘Shadows’ niet missen. ‘Shadows’ is de prequel van de hele Lux-serie, die zich dus afspeelt vóórdat het verhaal officieel begint. Ook in deze 0.5 staat er al heel wat op het spel. Je maakt kennis met Dawson, de broer van Daemon, die verliefd wordt op een mensenmeisje: Bethany. Zij komt erachter dat Dawson een Luxen is. Een relatie is voor hen allebei gevaarlijk, maar dat weerhoudt ze er niet van om met elkaar verder te gaan. ‘Shadows’ is een fantasyverhaal vol humor, romance en suspense.

Book Two of the bestselling Lux series Being connected to Daemon Black sucks... Thanks to his alien mojo, Daemon's determined to prove what he feels for me is more than a product of our bizarro connection. So I've sworn him off, even though he's running more hot than cold these days. But we've got bigger problems. Something worse than the Arum has come to town... The Department of Defense is here. If they ever find out what Daemon can do and that we're linked, I'm a goner. So is he. And there's this new boy in school who's got a secret of his own. He knows what's happened to me and he can help, but to do so, I have to lie to Daemon and stay away from him. Like that's possible. Against all common sense, I'm falling for Daemon. Hard. But then everything changes... I've seen someone who shouldn't be alive. And I have to tell Daemon, even though I know he's never going to stop searching until he gets the truth. What happened to his brother? Who betrayed him? And what does the DOD want from them—from me? No one is who they seem. And not everyone will survive the lies... Er gebeuren vreemde dingen in Sasha's leven, in 'Een tweede kans' van Jennifer L. Armentrout. Ze heeft het gevoel dat iemand haar bespioneert. Ze hoort geregeld geritsel. Ze ontvangt bedreigingen. Ze krijgt een ringvinger in een doosje bezorgd. Alle reden om heel hard weg te rennen, maar ze heeft een nóg grotere reden om te blijven: Cole. In deze heerlijke romantische thriller verweeft Jennifer L. Armentrout een horrorverhaal op subtiele wijze met een liefdesverhaal. The Washington Post verkoos 'Een tweede kans'tot een van de vijf beste romantische boeken van 2017!

'Uit bloed en as' van bestsellerauteur Jennifer L. Armentrout is het eerste deel van de bekroonde Blood and Ash-hitserie. 'Uit bloed en as' van Jennifer L. Armentrout gaat over Poppy, die nooit zeggenschap heeft gehad over haar eigen leven. Als Maiden leeft ze alleen: ze wordt nooit aangeraakt, nooit naar haar omgekeken en nooit met haar gesproken. De hele toekomst van het rijk rust op haar schouders, want ze moet tijdens haar Ascension waardig worden bevonden door de goden. Hoe kan ze ooit aan die verwachtingen voldoen? Dan ontmoet ze Hawke, een bewaker die ervoor moet zorgen dat Poppy haar Ascension zal volbrengen, én iemand die haar hoofd en hart totaal op hol brengt. 'Uit bloed en as' is het eerste deel van de bloedstollende nieuwe Blood and Ash-serie van Armentrout. Armentrout won met dit boek de Goodreads Choice Award Best Romance 2020.

Eclipses and problems related to them have been, from ancient times, one of the main interests not only of astronomers but indeed of all mankind. The appearance of eclipses, lunar as well as solar, excited the imagination of our ancestors and provoked their curiosity to explain their origin or to use them for the further investigation of celestial bodies. With the present development of astronomy the eclipse problems are not limited to the Sun and the Moon, as in the past, but have been progressively extended to the components of the solar system and to domains of radiations other than optical ones. Our intention is to give an account of all these problems in their theoretical and experimental form with some additions on their historical development. Those of our readers not interested in the historical side may feel at first inclined to ignore this part, but we are sure that eventually they will be sufficiently interested to repair this omission.
