With an illustrated, storyboard format for procedures, Phlebotomy: Worktext and Procedures Manual, 4th Edition describes all aspects of phlebotomy, with current coverage of equipment, safety procedures, arterial blood gases, point-of-care testing, and practical phlebotomy skills. Procedures cover core functions and are outlined with step-by-step instructions and new full-color photos. Clinical scenarios, practice tips, and new Avoid That Error features keep the focus on application and practice. Written by phlebotomy expert Robin Warekois, this practical worktext also includes competency checklists, a mock certification exam, a detachable bookmark that can serve as a tube guide, and a new video collection on the Evolve companion website. A detailed, storyboard format outlines common procedures, with steps accompanied by new full-color photos. Study and certification exam preparation questions in each chapter help you review and remember the material. A mock certification exam in the appendix mirrors the format of the actual phlebotomy certification exam, allowing you to review for the exam with 150 multiple-choice questions. Competency Checklists at the end of the book summarize the most critical and important steps in phlebotomy procedures. Clinical scenarios and tips encourage you apply your knowledge to real-life challenges in the workplace. Student resources on an Evolve companion website include a pre-test, animations, a new procedural video collection, interactive exercises, a mock certification exam, and an audio glossary. An anatomy and physiology section offers illustrated, in-depth information on body systems. A perforated bookmark on the back cover serves as a quick, portable reminder of which stopper tops to use for various diagnostic tests. Flashbacks and Flashforwards provide a cross reference to related information in previous or upcoming chapters. NEW video collection on the Evolve companion website demonstrates how critical procedures are performed. NEW photos have been added, in addition to new content on professionalism and HIPAA, equipment, and technology. NEW! Avoid That Error scenarios help you develop critical thinking skills and provide helpful tips on resolving problematic situations.

Haar naam was Henrietta Lacks, maar de medische wereld kent haar als HeLa. In de jaren '50 werden haar kankercellen zonder dat zij dat wist bij haar weggenomen. Met behulp van deze cellen, die letterlijk onsterfelijk zijn, werden de meest uiteenlopende geneeskundige ontdekkingen gedaan en rond de verkoop ervan ontstond een miljoenenindustrie. Het leven van Henrietta bleef echter vrijwel onbekend en ook haar familie wist tot ruim dertig jaar geleden niet van het bestaan van de cellen af. Rebecca Skloot vertelt het verhaal van de 'HeLa-cellen', maar laat ons vooral ook kennis maken met Henrietta, haar verleden en haar familie, die nog steeds worstelt met de nalatenschap van de cellen. Ze laat zien dat het verhaal van de familie Lacks onlosmakelijk verbonden is met de duistere geschiedenis van het experimenteren met Afrikaans-Amerikanen, het ontstaan van de ethiek

Fluid and Electrolyte Notes

One Amazing Phlebotomy Tech

The only pocket-sized drug guide for Nurses! Specifically focused towards patient-care, this quick-access reference provides registered nurses and advanced practice nurses with essential up-to-the-minute information related to the selection and administration of 1000 commonly used medications.

Thoroughly updated and enhanced by new print and electronic ancillaries, Phlebotomy Essentials, Fourth Edition provides accurate, practical information and instruction on phlebotomy procedures with a comprehensive background in theory and principles. Reflecting current CLSI guidelines, NAACLS competencies, and federal regulations, this Fourth Edition includes updated information on safety issues and equipment, laboratory information systems and instrumentation, legal issues, and diagnostic tests. This edition also includes caution notes identifying dangerous practices and problem areas. An accompanying CD-ROM includes clinical procedures videos, animations, electronic flashcards, and a glossary with audio pronunciations. Other ancillaries include a new companion Workbook, an Instructor's Resource CD-ROM, and online resources at thePoint. Phlebotomy Exam Review, Third Edition prepares students for all 10 national certification exams in phlebotomy, including ACA, ASCP, NCA, ASPT, IAPA, NAHP, NCCT, NPA, NHA, and AMT and follows the accreditation guidelines for both the NAACLS and the CLSI (formerly NCCLS). The book is written in a comprehensive outline format, includes over 800 multiple-choice questions with answers and rationales, and also includes sample exams to encourage a comfort level in the test-taking environment. This text is often required of phlebotomy students even when a separate exam review course is not taught.

An essential drug reference for registered nurses and nurse practitioners, this volume Includes over 1,000 commonly used drugs and presents essential data relating to their selection and administration. Organized alphabetically by generic name, each drug includes key data featuring common uses and side effects as well as nursing implications and patient education information. A list of the medications organized by drug classification is also provided.

Siddhartha Mukherjee onderzoekt aan de hand van zijn eigen familiegeschiedenis - een verleden vol geestesziekte en psychische aandoeningen - de menselijke erfelijkheid en het effect ervan op onze levens, persoonlijkheden, keuzes en lotsbestemmingen. In weergaloos proza beschrijft hij het eeuwenlange onderzoek naar de erfelijkheidskwestie - van Aristoteles en Pythagoras via Mendel en Darwin tot aan de revolutionaire eenentwintigste- eeuwse vernieuwers die het menselijk genoom in kaart brengen. In 'Het gen. Een intieme geschiedenis'

verweeft Mukherjee wetenschap en sociale historie met een persoonlijk verhaal, om een onthullende en magistrale geschiedenis te schrijven waarin een wetenschappelijke abstractie tot leven komt. Het boek is onmisbaar voor iedereen die geïnteresseerd is in de morele complexiteit van de huidige wetenschappelijke mogelijkheden om het menselijk genoom te lezen en te schrijven, en voor iedereen die zich bezorgd afvraagt wat de toekomst van de mens behelst.

Phlebotomy Essentials 4th Edition/Phlebotomy Exam Review 3rd Edition

Londen, spookstad / druk 1

Star Wars Fan Logbook - Starts January - 1 Calendar Year of Weekly Plans in Hourly Form

Current standards from the Clinical and Laboratory Standards Institute, the CDC, and The Joint Commission as well as regulations from OSHA. A full-color design with more than 435 line drawings, illustrations and photographs Emphasis on procedural steps, quality assessment and safety throughout, via illustrated procedure boxes * pre-examination considerations * technical and safety tips * and phlebotomist alerts End-of-chapter summaries and certification exam-style, multiple-choice questions Coverage of quality assessment (QA) and quality management systems (QMS), including quality system essentials (QSE), total quality management (TQM) and continuous quality improvement (CQI) issues "Technical Tip" boxes to avoid common mistakes Special considerations for pediatric and geriatric patients Covers total quality management (TQM) and continuous quality improvement (CQI) issues, OSHA equipment and safety requirements (safety needle devices and disposal systems)

This pocket-sized reference provides great information on phlebotomy techniques, with nice summaries of procedures with many photos and illustrations. It is ideal for clinical rotations, for quick review of coursework, and to study in preparation for your certification exam.

This handy guide provides the crucial coverage you need to quickly recall the signs, symptoms, and treatments of common fluid, electrolyte, and acid-base imbalances. Its simple and direct approach makes an often challenging subject easier to understand and its easy-to-use format make it the perfect reference for any setting.

Een roman over het verlangen naar een intens leven, en het verlies van onschuld; een verhaal dat diep graaft in de menselijke ziel Amerika, 1870. De jonge Will Andrews stopt met zijn opleiding aan Harvard en trekt westwaarts op zoek naar avontuur, naar het echte Amerika. Als hij na een lange reis aankomt in het van god en iedereen verlaten dorp Butcher's Crossing in Kansas neemt Andrews een ingrijpend besluit: hij gaat mee op wat een van de laatste grote jachten op de bizon zal zijn, een dier dat vrijwel uitgeroeid is door de handel in huiden. De ervaren jager Miller leidt de expeditie naar een kudde van duizenden bizons in een verstopte vallei. Terwijl Miller als een bezetene in de weer is om elke nog levende bizon te doden, worden de mannen in het nauw gedreven door de snel invallende winter en leert Andrews meer van zijn land dan hij ooit had kunnen voorzien. Elk aspect van Andrews' beproeving, van de langdurige paardrijritten over de verlaten prairie en het verbeteren slachten van de vele bizons tot de harde overlevingsstrijd in de ruige natuur, is beschreven in de onwaarschijnlijk mooie, sobere en heldere stijl

van John Williams. Net als zijn succesroman Stoner straalt Butcher's Crossing, zoals The Times schreef, 'een veerkrachtig soort optimisme uit over ons vermogen om iets van waarde te redden uit de onmogelijke omstandigheden van het menselijk leven'. John Williams (1922-1994) wordt momenteel wereldwijd herontdekt als schrijver van een uniek en hartverscheurend oeuvre. Alleen al in Nederland werden er van Stoner bijna 200.000 exemplaren verkocht. Met Butcher's Crossing laat Williams opnieuw zien dat zijn oeuvre van groot belang is voor de literatuur. Over Stoner schreef de pers: 'Niet elk jaar lees je een boek dat zo meeslepend is dat je er bijna in verdwijnt en alles om je heen vergeet. Butcher's Crossing is zo'n boek' NRC Handelsblad ***** 'Butcher's Crossing zingt, in een andere toonsoort, maar mooier, hetzelfde sombere lied als Stoner. Ziedaar de verrassing van 2013' de Volkskrant ***** 'Een betoverend epos van een geweldige schrijver' Het Parool ***** 'Net zo sterk en verpletterend als de vergeten parel Stoner. Lees dit boek, het zal je niet berouwen' De Standaard der Letteren ***** 'Met Butcher's Crossing is het duidelijk dat Williams ten onrechte in de marge was beland. Dat hij alsnog uit de literaire vergeetput is gered, is een godsgeschenk voor de lezer.' De Tijd 'De personages zijn scherp omljnd, de gebeurtenissen levendig; de plaatsen, de geuren en de geluiden uitstekend getroffen. En het proza is subliem' The Chicago Tribune 'Een boek van een wonderlijke schoonheid. De poëzie van verdriet wordt niet vaak zo sereen en ingetogen gezongen als in Stoner' Hans Bouman, de Volkskrant ***** 'Een vergeten parel uit de Amerikaanse literatuur, in een aangrijpende, heldere stijl' Kathy Mathys, De Standaard ***** 'Als u een boek wilt lezen dat uw leven gaat veranderen, lees dan Stoner' Arnon Grunberg 'Een spectaculair onspectaculaire roman over het leven van een weinig opmerkelijke man, vormgegeven in bijna perfecte en precieze taal, met een ingetogen wijsheid die de ziel raakt... Een ode aan de liefde, waaronder de liefde voor literatuur en voor lesgeven' Auke Hulst, NRC Handelsblad 'Butcher's Crossing is hard en meedogenloos maar ook ingehouden van toon; het heeft de weg geplaveid voor Cormac McCarthy' The New York Times Book Review'

Prepare for phlebotomy certification and licensure exam success with Complete Phlebotomy Exam Review, 2nd Edition. This comprehensive review book has 1,500 questions. A new pretest provides an assessment of strengths and weaknesses, and a mock certification exam at the end of the book tests your knowledge of necessary information. Organized into chapters that correlate with the trusted textbook by Warekois and Robinson, each chapter includes a content review followed by multiple-choice questions, each with an answer, a rationale, and a page-number reference to information in the companion textbook. An Evolve website offers even more opportunity to practice ,with all the questions in the book plus 500 extra and the ability to sort by category or test in study or exam modes. 100-question mock certification exam at the end of the book allows you to test your comprehension of the material and identify areas of strength and weakness to target study. Answers, rationales, and page-number references to the trusted companion test by Warekois and Robinson help you understand why your selected answer was right or wrong and strengthen your knowledge of key exam content areas. The Evolve site provides you with myriad opportunities for practice. With all the text questions plus an additional 500, you can take tests in exam or study mode and sort questions by category or chapter to tailor practice to your individual needs. Organized by chapters, each begins with a content review to break the subject of phlebotomy into manageable areas. Multiple-choice questions with answers and rationales in each chapter test your comprehension of the material. NEW! 1,500 questions provide you with even more opportunities for testing yourself and reinforcing the content. NEW! 100-question pretest at the beginning of the book lets you assess where you stand from the start so you can target your study accordingly. NEW! Photos and line drawings throughout the book illustrate what is being discussed and help you learn more about the equipment you will encounter on the job.

Dit boek behandelt de theorie en pikt en passant ook nog kernenergie mee en een hoop natuurkunde. This handy guide provides all the commonly used, but rarely memorized information you need in both the front and back office—from normal lab values and common medical abbreviations to dosage calculations, triage questions, and more.

For courses in phlebotomy. Most comprehensive phlebotomy guide available Phlebotomy Handbook: Blood Specimen Collection from Basic to Advanced links students and health care professionals to the latest information on safe, effective blood collection. Progressing from simple concepts to complex competencies, the text covers all of the communication, clinical, technical, and safety skills that any health care worker will use in the practice of phlebotomy and other specimen-collection procedures. The 10th edition aligns the text with entry-level competencies of the NAACLS. A DVD video library demonstrating procedures described in this text is available in Pearson's Instructor Resource Center. Thoroughly updated and enhanced by new print and electronic ancillaries, this full-color text provides accurate, practical information and instruction on phlebotomy procedures with a comprehensive background in theory and principles. Reflecting current CLSI guidelines, NAACLS competencies, and federal regulations, this Fourth Edition includes updated information on safety issues and equipment, laboratory information systems and instrumentation, legal issues, and diagnostic tests. This edition also includes caution notes identifying dangerous practices and problem areas. An accompanying CD-ROM includes clinical procedures videos, animations, electronic flashcards, and a glossary with audio pronunciations. Other ancillaries include a new companion Workbook, an Instructor's Resource CD-ROM, and online resources at thePoint.

'De reuzenperzik' is een fantastisch kinderboek van bestsellerauteur Roald Dahl, met prachtige tekeningen van bekroond illustrator Quentin Blake. Dit e-book kun je op je smartphone, tablet én op je e-reader lezen. Dit e-book is geschikt voor zowel iOS- als Android-besturingssystemen. James woont al jaren bij zijn tantes Spons en Spijker in een raar bouwvallig huis op de top van een hoge heuvel in het zuiden van Engeland. James moet van die niet zo lieve tantes altijd hard werken. Aan dit saaie leven komt een eind als hij van een oud mannetje een zakje toverkracht krijgt. James laat het zakje bij de kale perzikboom vallen, en dan groeit er aan de boom een reusachtige perzik die zo groot wordt als een huis! James kruipt door een tunnel de reuzenperzik binnen en ontmoet Ouwe-Groene-Sprinkhaan, juffrouw Spin, Lieveheersbeest en nog meer dieren. Samen beleven ze de gekste avonturen, zoals een wilde tocht van de heuvel af, en zelfs een luchtreis over de oceaan. 'Roald Dahl is de beste kinderboekenschrijver ter wereld.' – VPRO-gids
