

Russian System Guidebook

The Expeditionary Culture Field Guides (ECFGs) are pocket-size handbooks packed with invaluable cultural information. The guides are designed to help US forces achieve mission success in culturally complex environments. The fundamental information contained within will help you understand the cultural dimension of your assigned location and gain skills necessary for success. This Guide consists of 2 Parts: Part 1 "Culture General" provides the foundational knowledge needed to operate effectively in any global environment with a focus on the Baltic States. Part 2 "Culture Specific" describes unique cultures features of Latvian society. It applies culture-general concepts to help increase your knowledge of your deployment location. This section is designed to complement other pre-deployment training.

This book presents an interdisciplinary analysis of the Internet in Russia and its impact on various aspects of social life. The contributions discuss topics such as the features of the Russian media system and digitization processes, the history of the Runet, national Internet markets and the Internet economy, as well as legal aspects. By presenting the results of relevant case studies, it illustrates the process of integrating the Russian segment of the Internet into the international system, offering insights into various country-specific features of the Runet's functioning and development. The first part of the book focuses on the Internet in the context of development of the Russian media system with respect to historical features and digital inequalities. The second part then discusses economic and legal aspects of the Runet, while the third and the fourth parts offer an analysis of digital culture, including the role of journalism and regional diversities as well as online representations and discussions. The chapter "Runet in Crisis Situations" is available open access under a CC BY 4.0 license at link.springer.com.

The book "English & Logical Reasoning for BITSAT with past 5 years Solved Papers (2017-2013) + 10 Mock Tests (5 in Book and 5 Online Tests)" provides the Key Concepts and sufficient practice to crack this section of BITSAT. • The book contains BITSAT 2017-2013 Fully Solved Question Papers which effectively help students in the preparation process. These papers give a basic idea about the test pattern asked in the BITSAT. • The book covers English Proficiency - Vocabulary, Grammar, Reading Comprehension, Composition; Verbal Reasoning - Analogy, Classification Or Odd Man Out, Series, Logical Deduction, Chart Logic; Non- Verbal Reasoning - Pattern Perception Or Completion Of Figures, Figure Formation & Analysis, Paper Cutting, Figure matrix, Rule Detection. • The book also contains 10 Mock Papers on the pattern of BITSAT for practice. Out of the 10 Tests, 5 are provided in the form of Online Tests and 5 are provided in the book. • The Mock Online Tests provides Insta Results, Solutions and Analytics related to section-wise and chapter-wise absolute and relative feedback. The details to access the Online Tests are provided in the book. • The solutions to the 5 Mock Tests in the book are provided at the end of the tests. • The book is also empowered with Smart Revision Material for Physics, Chemistry and Mathematics. • This book is a One Stop Solution as the students are already prepared for JEE Main. The students require a quick revision material of PCM and detailed material on English & Logical Reasoning along with Practice Mock Tests. The Online Tests provides the online exposure to the students.

Soviet and western history researchers present 16 essays on accessing and using a wide variety of sources pertaining to the Stalin era. Topics include archives, annual reports of industries, laws, legal journals, city directories, newspapers and journals, memoirs, and military sources.

Appended to particular essays and to the volume as a whole are catalogues of specific documents and publications. Annotation copyrighted by Book News, Inc., Portland, OR

Oligarch Boris Berezovski overleed onder verdachte omstandigheden; veiligheidsdienstmedewerker Aleksandr Litvinenko bezweek aan de gevolgen van een poloniumvergiftiging; Sergej Skripal, medewerker van een militaire inlichtingendienst, en zijn dochter Joelia werden blootgesteld aan zenuwgas. Ook buiten Rusland worden critici, opponenten en 'verraders' uit de weg geruimd. Het grote aantal brutale moorden en de groeiende omvang van spionage en hacking in het Westen wijzen op de ambities van Rusland om wereldwijd zijn invloed te vergroten. Zelfs de machtigste landen kunnen het Kremlin en Vladimir Poetin niet stoppen. Bekroond onderzoeksjournalist Heidi Blake reconstrueert de vele moordzaken en analyseert de consequenties van de strategie van Rusland en van de halfhartige reactie van het Westen. Heidi Blake heeft haar verhaal gebaseerd op forensisch bewijs, informatie van geheime diensten, vele duizenden documenten en honderden interviews met sleutelfiguren.

The second edition of *The Biomarker Guide* is a fully updated and expanded version of this essential reference. Now in two volumes, it provides a comprehensive account of the role that biomarker technology plays both in petroleum exploration and in understanding Earth history and processes. Biomarkers and Isotopes in Petroleum Exploration and Earth History itemizes parameters used to genetically correlate petroleum and interpret thermal maturity and extent of biodegradation. It documents most known petroleum systems by geologic age throughout Earth history. The Biomarker Guide is an invaluable resource for geologists, petroleum geochemists, biogeochemists, and environmental scientists.

The classic reference work that provides annually updated information on the countries of the world.

The goal of this book is to help people understand Russia better and to have a better experience while they are here. We wanted to write something that would help people fall in love with Russia, as much as we have, by sharing our experiences and funny stories about our life as an expat in St. Petersburg (Maya Krivchenia) and travel professional organizer (Alexander Rodionov). Russia is an exciting, interesting, and dynamic country, but sometimes the differences that people come across are extremely frustrating and confusing. Our goal is to explain some of Russia's unique qualities so that our friends, clients, tourist, and all others can appreciate this amazing country. Hopefully this will help answer some of the many questions you already have about Russia while planning your trip. By traveling to Russia you will certainly have a unique experience and hopefully by reading this you will get to experience Russia to the fullest!

The Cambridge Guide to Jewish History, Religion, and Culture is a comprehensive and engaging overview of Jewish life, from its origins in the ancient Near East to its impact on contemporary popular culture. The twenty-one essays, arranged historically and thematically, and written specially for this volume by leading scholars, examine the development of Judaism and the evolution of Jewish history and culture over many centuries and in a range of locales. They emphasize the ongoing diversity and creativity of the Jewish experience. Unlike previous anthologies, which concentrate on elite groups and expressions of a male-oriented rabbinic culture, this volume also includes the range of experiences of ordinary people and looks at the lives and achievements of women in every place and era. The many illustrations, maps, timeline, and glossary of important terms enhance this book's accessibility to students and general readers.

The Phonetics of Russian

The recent COVID-19 pandemic has prompted educators to utilize online learning resources in order to comply with public health and social distancing mandates. The transition to virtual classrooms has created several opportunities and challenges for all stakeholders involved in the educational ecosystem. The ability of the classroom instructor to impart learning to students requires considerable adjustments from both students and teachers, which can be a new experience for educational professionals. Virtual and Classroom Learning in Higher Education serves as a handy guide for instructors to effective online teaching with a focus on higher education. The book presents reviews on different aspects of online teaching, distilling key findings in an easy to understand manner for the reader. It provides educators with knowledge which familiarizes them with online teaching models and concepts (such as micro-learning, synchronous and asynchronous learning, online pedagogy, dynamic learning experience and more). Chapters are contributed by experts in online learning and cover the topic from different angles, giving the reader a broad perspective on virtual classrooms. Virtual and Classroom Learning in Higher Education is an essential read for administrators and educators involved in higher education settings, and general readers who are interested in widening their view of the online teaching model.

A Comprehensive Guide to English Language for NRA CET Exam eBook

When the Soviet Union collapsed universities were freed from state control and left to themselves. This forced universities to be much more market-oriented. This book explores this transformation from the end of the Soviet Union until the present. Based on extensive original research, the book charts the struggles of universities, showing how chaos and decline came to what had been one of the triumphs of the Soviet Union – a higher education system which provided a high standard of advanced education to large numbers of people and made major research achievements. The book shows how a lack of funds, lack of commercial experience and the ending of former means of support such as strong university-state industry links brought about huge disruption; how universities responded with a range of measures such as charging for tutoring and examinations, handling research on a commercial basis and new forms of co-operation; and how all this impacted on subjects of study and on underlying ideas about what a university is for. The book argues that the shock to the system in Russia was so severe that the Russian case serves as an excellent 'survival guide' to universities experiencing similar changes in other parts of the world. By investigating the phenomenon of Russian universities becoming more market-oriented the book contributes to developing further the marketization concept. It summarizes the existing knowledge in this field of study, offers a new framework for analysis of the phenomenon of university marketization and discusses the marketization of Russian universities in the light of comparative studies.

"A priceless asset to any traveler whose goal is to explore the Jewish past of these two historical countries." --The Jewish Advocate The author follows in the footsteps of his namesake, the rabbi explorer of the twelfth century, Benjamin of Tudela, to create the first all-encompassing guide to Jewish Russia and Ukraine, with stops in Bulgaria and Romania. Until Communism fell, the Jews of Russia and Ukraine had been suppressed and denied human and religious rights. Today, not only are they reborn, but they are rebuilding a new, vibrant community for the twenty-first century. Frank explores this rebirth and guides both first-time and experienced travelers to Jewish and historical sites. He profiles synagogues, monuments, and schools that can be found in such cities as St. Petersburg, Moscow, Kiev, Odessa, and even Kishinev in Moldava. Approximately 120 years ago, the majority of the world's Jews lived in what was called the "Pale of Settlement" in the Russian Empire. Most American Jews today trace their ancestry to Russia and the surrounding territories, especially Ukraine. A Travel Guide to Jewish Russia & Ukraine will aid those visiting places where relatives once lived, as well as those simply in search of history.

ADDA 247 has been consistently working to make the word "SUCCESS" a true companion to NRA CET Exam. As September 2021has just marked its presence, we are delighted to announce that ADDA 247 is launching – "A Comprehensive Guide to English Language"

"A Complete Guide to the English Language for NRA CET Exam" is meticulously divided into sections which are then further divided into chapters explaining the basic concepts followed by conceptual questions to reinforce those concepts. We have also refined the questions by adding difficulty levels with solutions to give you an insight into the varied kinds of questions you can expect in the exams and ways to tackle them efficiently. There are Section-wise Questions too that are a special add-on for increasing your proficiency with efficacy and to help you understand the level of competitive examinations. This eBook now covers 2490+ questions with solutions that will help the candidate to clear the NRA CET Exam with ease.

Russia is rich in martial traditions deriving from a highly diverse population. Sambo—developed by the Soviet Red Army—became the most recognize martial art associated with Russia mainly because of its presence in international competitions. Another style to become recognized for its great practicality and encompassing training regimen is Systema. Originally created for Russian Special Operations Units, Systema ' s teaching gradually spread world-wide after the fall of the Soviet Union in 1991. This anthology contains writings about Systema and Sambo that present essential information for anyone interested in the history, theory, and practice of these combative systems. In the first chapter, Kevin Secours shows that ground fighting and grappling are necessary components of a complete tactical arsenal. Specific emphasis is on the role of defending the takedown in a modern survival scenario. In chapter two he summarizes the prevailing theories and findings pertaining to the science of fear as it relates to surviving violence. How these findings have been interpreted by modern combative systems in the West are compared with approaches to the traditional Russian martial arts and their application in the Russian Special Forces. The next three chapters focus on Sambo. Jacques and Anderson detail the historical development of Sambo. Vasilii Sergevich Oshchepkov, a student of Jigoro Kano, and Victor Spiridonov worked to develop this combative system. However, despite the judo-jujutsu influence, Sambo was born of native Russian and other regional grappling and combat wrestling styles bolstered with many useful and adaptable concepts and techniques from the rest of the world. This chapter presents details of the early development up to recent times. The fourth chapter by Polyakov, Yankauskas, and DeRose focuses on some of the fundamental techniques that are legal for Sambo competition. The purpose of this study was to examine and compare the most successfully used submission techniques of three of the greatest figures in the history of sambo competition: Michael Burdikov, Alex Feodorov, and David Rudman. Sambo has become well-known largely due to the success of Sambo fighters in various mixed martial art venues. Stephen Koepfer ' s final chapter offers a description of its development as well as a delineation of one of Sambo ' s hallmark strategies: offensive rolling. Examples of proper forward rolling and three related offensive techniques are presented. May readers of this anthology come to appreciate the great depth of Russian martial traditions and the unique developments that emerged in the arts of Systema and Sambo.

As the war in the Balkans nears its end, Prince Sergei Fedorcenko returns to St. Petersburg and to his love, Anna Burenin, whose brother, Paul, has joined the revolutionaries. Torn between love for her family and devotion to the Fedorcenkos, Anna's faith is her only comfort as she tries to keep those closest to her--and all of Russia--from becoming a house divided.

Drawing on diaries, correspondence, interviews and memoirs, and applying historical, anthropological and linguistic analyses, this text explores late Soviet period (1960s-80s) through the eyes of the last Soviet generation.

A Practical Guide for Russian Consular Officers and All Persons Having Relations with Russia

Russia Survival Guide

This is a comprehensive directory and bibliographic guide to Russian archives and manuscript repositories in the capital cities of Moscow and St. Petersburg. It is an essential resource for any researcher interested in Russian sources for topics in diplomatic, military, and church history; art; dance; film; literature; science; ethnography; and geography. The first part lists general bibliographies of relevant reference literature, directories, bibliographic works, and specialized subject-related sources. In the following sections of the directory, archival listings are grouped in institutional categories. Coverage includes federal, ministerial, agency, presidential, local, university, Academy of Sciences, organizational, library, and museum holdings. Individual entries include the name of the repository (in Russian and English), basic information on location, staffing, institutional history, holdings, access, and finding aids. More comprehensive and up-to-date than the 1997 Russian Version, this edition includes Web-site information, dozens of additional repositories, several hundred more bibliographical entries, coverage of reorganization issues, four indexes, and a glossary.

"First Published in 1998, Routledge is an imprint of Taylor & Francis, an informa company."
