Healing Sex is the encouraging, sex-positive guide for all women survivors of sexual assault - heterosexual, bisexual, lesbian, coupled, and single - who want to delight in their own sexuality. While most books on the topic broach sexuality to reassure women that it's all right to say "no" to unwanted sex, Healing Sex encourages women to learn how to say "yes" - to their own desires and on their own terms

Most statements about embodied spirituality have been cerebral and abstract, presented from a theological or philosophical point of view. This massage manual seeks to give the reader an experience of embodied spirituality. The introduction situates massage, the art of anointing, within the framework of Christian spirituality and then proceeds to en flesh that through the meditative quality of the massage sequences, through the graphic and sensitive portrayal of vulnerability among the various men and women who volunteered to be the models in the sequences and, last but not least, through the visible devotion of the massage therapists.

Why did the West put Tantra in the box of erotic sex? How did this conceptual degradation of a millennia-old spiritual path come about? And where, or what, is the real Tantra? In answer to these questions, Sam Red refers to her research, contemplations and direct experiences of the basics of the tantric theoretical framework. In typically candid, inspirational and oftentimes provocative and humorous style, she draws parallels with Taoism and points to tantric techniques that can be used to bring a greater sense of purpose, joy and self-empowerment into everyday living.

Taoism, the set of philosophical teachings and religious practices rooted in the understanding of the Chinese character Tao, or "The Way," was founded by the Chinese philosopher Laozi in the 6th Century BCE, whose work, the Tao Te Ching (The Book of the Way and its Virtue) laid the philosophical foundation for the religion's beliefs. This volume starts, as it should, with a detailed chronology of Taoism and its relationship both to China and other teachings.

An illustrated guide to releasing emotional and physical blockages in the pelvic area through massage • Presents step-by-step instructions for sexual organ massages for women and men • Explains techniques to release knots, unravel nerve and lymphatic tangles, dissolve toxins and sediments, and increase blood flow • Effective for impotency, frequent and difficult urination, painful menstruation, ovarian cysts, menopause symptoms, painful intercourse, and low libido as well as back pain, sciatica, and hormone imbalance Our sexual organs play a major role in our physical and emotional health. Many emotional traumas and stresses are stored in the pelvic region in the form of tension in the muscles, ligaments, and tendons and imbalances in the meridians and organs, resulting in an accumulation of toxins and energetic knots and tangles. Freeing the jing chi of the sexual organs--a powerful source of healing energy--Karsai Nei Tsang helps to resolve physical and emotional blockages in the pelvic area through massage, meridian clearing, and detoxification. Illustrating complete sexual organ massages for women and for men, this book guides you through the techniques of Karsai Nei Tsang--including necessary detox preparations and the underlying Chi Nei Tsang principles--and shows you how to release knots and tight muscles (including the hip, buttock, and thigh muscles), unravel nerve and lymphatic tangles, dissolve toxins and sediments, and increase blood flow to the pelvic area. Addressing common problems associated with our sexual organs, this practice can be used to treat impotency, frequent and difficult urination, painful menstruation, ovarian cysts, menopause symptoms, painful intercourse, and low libido. It is also effective in alleviating back pain and sciatica, improving the body ’ s alignment, strengthening the pelvic floor, balancing the hormones, and increasing general vitality.

An ancient Taoist system for detoxifying and rejuvenating the internal organs • Presents techniques to clear blockages in the body ’ s energy flow • Includes illustrated exercises to relieve common ailments, revitalize the organs, and enable readers to take charge of their own health and well-being • Focuses on the navel center, where negative emotions, stress, and illness accumulate The techniques of Chi Nei Tsang evolved in Asia during an era when few physicians were available and people had to know how to heal themselves. Many people today have symptoms that modern medicine is not able to cure because a physical source for the problem is not easily found. The energies of negative emotions, stress, and tension--all common in modern life--and the weight of past illness accumulate in the abdominal center, causing energy blockages and congestion. When this occurs, all vital functions stagnate and myriad problems arise. By practicing the techniques of Chi Nei Tsang, this stagnation is removed and the vital organs surrounding the navel center are detoxified and rejuvenated. Master Chia teaches readers how to avoid absorbing negative energies from others and take full charge of their health through the self-healing techniques of Chi Nei Tsang. He offers fully illustrated exercises that show how to detoxify the internal organs and clear the energy (chi) channels throughout the body. He also presents methods for balancing emotions, managing stress, and observing the body in order to recognize, ameliorate, and prevent maladies before they become a problem.

Fully illustrated guide to massage techniques for unblocking chi, releasing tight tendons and muscles, and alleviating back and joint pain • Explains the hammering massage technique of Tok Sen, which sends vibrational energy deep into the fascia and muscles • Details how to use the 10 Thai energy meridians known as Sen Sib and the 12 muscle-tendon meridians of Chinese acupuncture in massage • Explains Meridian Detox Therapy and Gua Sha, which clears blood stagnation, promotes metabolism, and can prevent and treat acute illness Good health depends on the free flow of life-force energy, chi, throughout the entire body. The accumulation of tensions in the muscles and tendons as well as the stagnation of negative energy can lead to blockages in the body ’ s energy channels, resulting in pain, low energy, or illness. In this full-color illustrated guide, Master Mantak Chia and William Wei detail massage techniques for unblocking chi, releasing tight tendons and muscles, and alleviating back and joint pain.

The authors explore the 10 Thai energy meridians known as Sen Sib, the 12 muscle-tendon meridians of Chinese acupuncture, and the most commonly strained muscles and tendons of the spine, neck, and pelvis. They explain how to treat specific ailments, such as headache, stiff shoulder, or lumbar pain, with the traditional Thai massage technique known as Tok Sen, which uses a wooden hammer to send vibrational energy deep into the fascia and muscles along the Sen Sib meridians. This method is particularly effective for joint pain, because the vibrations can reach more deeply and accurately within the body ’ s structure than a massage therapist ’ s fingers. The authors also explain Meridian Detox Therapy, which includes cupping, skin massage, and Gua Sha--the scraping of different parts of the body to clear blood stagnation, promote metabolism, and treat acute illness. The final book in the Chi Nei Tsang series, Chi Nei Ching offers advanced massage techniques to work with the energy meridians for optimum health.

When we learn to quiet the monkey mind with meditation practices, we are able to go beyond the linear thinking of the upper brain and connect to the multidimensional thinking of supreme consciousness in the heart center. In Living in the Tao, Master Mantak Chia and William Wei present techniques to help us learn to move beyond the limits of time and space to connect with the universal truth within--without striving. From Feng Shui to holistic medicine, from aromatherapy candles to yoga weekends, spirituality is big business. It promises to soothe away the angst of modern living and to offer an antidote to shallow materialism. Selling Spirituality is a short, sharp, attack on this fallacy. It shows how spirituality has in fact become a powerful commodity in the global marketplace - a cultural addiction that reflects orthodox politics, curbs self-expression and colonizes Eastern beliefs. Exposing how spirituality has today come to embody the privatization of religion in the modern West, Jeremy Carrette and Richard King reveal the people and brands who profit from this corporate hijack, and explore how spirituality can be reclaimed as a means of resistance to capitalism and its deceptions.

An illustrated guide to combining the new healing modality of microcurrent therapy with Chi Nei Tsang energy massage • Explains how microcurrent therapy harmonizes the body's cells, regenerates the nervous system, and boosts the body's natural self-healing abilities • Provides illustrated, step-by-step instructions for using microcurrent therapy during massage and for the basic techniques of Chi Nei Tsang massage • Shows how combining these therapies can relieve pain, reduce inflammation, and help specific ailments, such as arthritis, sciatica, fibromyalgia, and shingles Each cell of the body is animated by a highly organized and intelligent bioenergy, or bioelectricity. When cells are damaged, they become electrically imbalanced. Recently it has been discovered that microcurrent therapy--applying low-amperage electrical currents to the body--harmonizes the cells, returns them to a normal state of cellular activity, and boosts the body's natural self-healing abilities. Combining this innovative new modality with ancient Taoist healing methods, Mantak Chia and Aisha Sieburth detail how to integrate microcurrent therapy with Chi Nei Tsang energy massage for pain relief, self-healing, and rejuvenation. The authors explain how microcurrent has a regenerative effect on the nervous system, helping to increase energy levels, promote circulation of blood and lymph, relieve acute or chronic pain, restore pH balance of the blood, balance hormone function, and improve the immune system. Its effects on circulation extend to all the body's vessels, tissues, and cells as well as enhancing toxin elimination and reducing inflammation. The authors show how microcurrent therapy pairs extraordinarily well with Chi Nei Tsang massage. The microcurrent, flowing through the hands of the massage practitioner into the body, enhances the effects of the massage within the nerves and tissues, making it easier to harmonize the flow of energy, release tensions, and dissolve energetic knots in the meridians. With illustrated, step-by-step instructions, the authors explain how to use microcurrent therapy during massage and describe the basic techniques of CNT massage. They also show how CNT microcurrent therapy is beneficial for general physical health and for a host of specific ailments, such as nerve pain, arthritis, sciatica, fibromyalgia, shingles, headaches, slow-healing wounds, and tendon and ligament pain.

The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic Awaken Healing Energy Through the Tao In 1983, Mantak Chia introduced the "Microcosmic Orbit" to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. Healing Light of the Tao presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

Moves reflexology beyond the realm of foot massage and into the realm of sexuality. • Offers acupressure methods to build intimacy and heighten sexual pleasure. • Helps couples find their sexual energy potential and physical compatibility. • Provides techniques to perform time-tested Taoist sexual-spiritual exercises. • By Mantak Chia, coauthor of The Multi-Orgasmic Man. The most powerful reflex points on the body are on the sexual organs. While the practice of reflexology is normally associated with massage of the feet, in Sexual Reflexology Mantak Chia gives applications for using the sexual reflex points in lovemaking, transforming sexual intercourse into a form of ecstatic acupressure. By combining the classic Taoist sexual texts with modern reflexology theory, the author provides a unique opportunity for couples to practice sexual intimacy as an act of healing. Mantak Chia shows how to evaluate a person's sexual energy potential as well as how the size and shape of the sexual organs determine a couple's compatibility. In addition to the specific ecstatic acupressure exercise instructions, he provides thoughtful commentary on ancient Taoist practices that reveal how we can all use our sexual essence to create healthy and loving relationships.

This reference book on Taoism, one of the major spiritual traditions of China, includes in its coverage both Taoist philosophy and Taoist religion. An introduction provides overall insight into Taoist development through the ages, while the dictionary itself is comprised of 275 entries that define Taoist concepts, scriptures, deities, practices, and personalities. *How to connect with universal energy for inner peace, happiness, and individual and global healing • How to transform the energy around us into positive loving energy • How to perform the World Link meditation to unite with global consciousness • How to fuse the observing mind, the conscious mind, and the mind of awareness Western science now recognizes the three "minds" associated with the three tan tiens of Taoism: the observing mind centered in the brain, the conscious mind centered in the heart, and the mind of awareness centered in the lower abdomen. By unifying the three minds--what in Chinese is called Yi--we can transform the energy around us into positive loving energy and be empowered to manifest our goals and dreams. This can lead to a more balanced, less negative way of life and offers a way to gain inner peace, wholeness, and happiness as well as the ability to heal yourself and others. In The Healing Energy of Shared Consciousness, Master Mantak Chia shows how to fuse the three minds and form the Protective Sacred Circle of Fire, which creates a seal around us allowing in only good energy and intentions. He explains step-by-step how to perform the World Link meditation to connect with global and universal energy for inner peace, happiness, and healing. Accessible even for those who have never worked with the Universal Healing Tao, this practice offers a way to unite people all over the world in a form of shared consciousness that amplifies collective loving energy to benefit the world.*

Rooted in Chinese energy medicine, Universal Healing Tao practices, and ancient Taoist traditions from the Yellow Emperor and his three female advisors, these practices honor and celebrate each stage of a woman's life and allow women to awaken their genuine feminine sexuality--receptive, soft, sensitive, intuitive, and creative--rather than the masculine approach that focuses on strength, endurance, and control. In this comprehensive guide to Taoist tantric arts for women, author Minke de Vos reveals how to channel natural sexual energy to evolve the Divine within and heal deep-rooted negative emotions and traumas related to sexuality. She explores techniques from the Universal Healing Tao system, such as the Inner Smile and Ovarian Breathing, to cleanse the uterus of negative emotions and fill your creative center with compassionate vibrations. *Reveals techniques for achieving spiritual immortality through an in-depth exploration of Lao-tzu's Tao Te Ching • Includes practices and meditations for living in harmony with the Tao (universal essence) and Te (kind action) • Reveals the integration of heavenly and human power in the mystic field within us • Presents Tao Huang's English translation of the Tao Te Ching from the original Chinese Mawangdui text unearthed in 1973 For over 2,500 years the words of the Tao Te Ching, the primary scripture of Laoism and Taoism, have been regarded as among the greatest treasures of the world. Lao-tzu, whose name means "the ancient child," wrote these brief but essential verses that have both confounded and conferred blessings on humankind. Now Taoist masters Mantak Chia and Tao Huang guide readers through the origins of this philosophy, the meaning behind its 5,000 pictographs, and the way of living that generations have followed. While the text of the Tao Te Ching has been passed down in literary form for generations, the essence of the text can be understood only through heart awakening--a true integration of body and mind--made possible with the insights and exercises in this book. The authors analyze Lao-tzu's teachings, line by line, and offer meditations, interpretations, and practical illustrations that clarify the true meaning and purpose of this classic text.*

*Energetic massage techniques that dispel negative emotions, relieve stress, and strengthen the senses, internal organs, and nervous system • Shows how Chi Massage employs one's own internal energy to promote rejuvenation • Presents Chi Massage techniques for every organ and bodily system • Provides a daily practice routine that requires only 5 to 10 minutes to complete The Western concept of massage primarily concerns muscle manipulation. In the practice of Chi Massage, internal energy, or Chi, is manipulated to strengthen and rejuvenate the sense organs--eyes, ears, nose, tongue, teeth, and skin--and the internal organs. The Taoist techniques in this practice are more than 5,000 years old and, until very recently, were closely guarded secrets passed down from master to student with each master often knowing only a small part of the complete method. In Chi Self-Massage Master Mantak Chia pieces together the entire system of Chi Massage into a logical routine, revealing the methods used by Taoist masters to maintain their youthfulness. He explains the energetic theory behind Chi Massage and how negative emotions affect the organs and nervous system.
