

The Aristocats

"Duchess and her three kittens are lost! To find their way back to their beloved Madame Bonfamille, they ask O'Malley, a street cat, for help. But Madames conniving butler, Edgar, has othere plans. Will they make it back?" --Back cover.

The Aristocats are aided by Roquefort the mouse in a search for Madame's gold necklace.

But is it a musical? This question is regularly asked of films, television shows and other media objects that sit uncomfortably in the category despite evident musical connections. Musicals at the Margins argues that instead of seeking to resolve such questions, we should leave them unanswered and unsettled, proposing that there is value in examining the unstable edges of genre. This collection explores the marginal musical in a diverse range of historical and global contexts. It encompasses a range of different forms of marginality including boundary texts (films/media that are sort of/not quite musicals), musical sequences (marginalized sequences in musicals; musical sequences in non-musicals), music films, musicals of the margins (musicals produced from social, cultural, geographical, and geopolitical margins), and musicals across media (television and new media). Ultimately these essays argue that marginal genre texts tell us a great deal about the musical specifically and genre more broadly.

When Edgar, the butler, finds out that Madame Bonfamille is leaving all of her money to her cars, he kidnapps them and leaves them far out in the country. O'Malley, an alley cat, aids them in their return to their Paris home and becomes a member of the family.

Tired of waiting on Madame's cat and her three kittens, the family butler takes drastic measures, but does not count on the cleverness of the cats and their friends.

Animation has been a staple of the filmmaking process since the early days of cinema. Animated shorts had been produced for decades, but not until 1937 did a major studio venture into animated features when Walt Disney produced Snow White and the Seven Dwarfs. Of the hundreds of animated feature films made since, many have proven their importance over the years while also entertaining generations of audiences. There are also many recent animated movies that promise to become classics in the field. In 100 Greatest American British Animated Films, Thomas S, Hischak looks at the most innovative, influential, and entertaining features that have been produced since the late 1930s—from traditional hand-drawn works and stop-motion films to computer-generated wonders. These movies have been selected not simply because of their popularity or critical acceptance but for their importance. Entries in this volume contain plot information production history critical reaction commentary on the film's cinematic quality a discussion of the film's influence voice casts production credits songs sequels, spin-offs, Broadway versions, and television adaptations awards and nominations Each movie is also discussed in the context of its original release as well as the ways in which the film has lived on in the years since. Familiar favorites and lesser-known gems are included, making the book a fascinating journey for both the avid animation fan and the everyday moviegoer.

With a sweeping look at more than eight decades of movies, 100 Greatest American and British Animated Films highlights some of the most treasured features of all time.

Marie the kitten cannot sleep! That night, Duchess and O'Malley were throwing a huge birthday party for their friend Scat Cat, and poor Marie wanted nothing more than to go to the party. But Duchess forbid the kitten from going. Determined to attend, Marie disguises herself as an adult cat and sneaks in—but will her cover be blown? Don't miss this adorable tale as Marie joins the grown-ups for a party of a lifetime!

The life of Diana, Princess of Wales, has never before been told with such insight and authority. This book is a subtle, honest portrait, without the bias and exaggeration of the past. Drawing on new research and dozens of specially commissioned interviews - many with senior members of the royal household who have never spoken before - DIANA:STORY OF A PRINCESS explains how a shy teenager grew up to be the most talked-about woman in the world, and why she later became such a vigorous critic of the Royal Family. DIANA: STORY OF A PRINCESS is a tale of chicanery at the highest level, revealing in gripping detail how the Princess and her husband sought to influence how their falling marriage, and indeed their entire lives, were perceived by the outside world.

A pampered cat and her three kittens find their way home after being abandoned by a villainous butler.

The Aristocats Get Into Mischief

The Aristocats are no ordinary cats. Duchess, and her kittens, Berlioz, Toulouse and Marie live in the lap of luxury with their owner Madame in a Parisian mansion. Until one day, they are taken far, far, away, and they have to make a long, difficult journey home. This is an enchanting tale of a very special family of cats who, finding themselves cast out in the wide world for the first time, experience peril and adventure as well as a lot of fun.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

When their owner says she wants to leave her fortune to her cats, the jealous butler leaves the family of felines in the country, and they must find their way home with the help of a smooth talking tomcat. Aligned to Common Core Standards and correlated to state standards. Spotlight is a division of ABDO.

Paris and the Musical explores how the famous city has been portrayed on stage and screen, investigates why the city has been of such importance to the genre and tracks how it has developed as a trope over the 20th and 21st centuries. From global hits An American in Paris, Gigi, Les Misérables, Moulin Rouge! and The Phantom of the Opera to the less widely-known Bless the Bride, Can-Can, Irma la Douce and Marguerite, the French capital is a central character in an astounding number of Broadway, Hollywood and West End musicals. This collection of 18 essays combines cultural studies, sociology, musicology, art and adaptation theory, and gender studies to examine the envisioning and dramatisation of Paris, and its depiction as a place of romance, hedonism and libertinism or as 'the capital of the arts'. The interdisciplinary nature of this collection renders it as a fascinating resource for a wide range of courses; it will be especially valuable for students and scholars of Musical Theatre and those interested in Theatre and Film History more generally.
