It was, as Mark Twain called it the Gilded Age. Walter wasn't as rich as the Vanderbilts or the Rockefellers, but he had a commodity that served him well - his daughter. Dolly had learned her lessons at Madame Floushair's School for Young Women. What they hadn't taught her was her life was her own, not her father's. And it all would have stayed buried in the past, but then, Pat Walker Lewis has a way of inviting ghosts to tell her their stories, and the music box wouldn't let it rest. Someone wanted her to know what happens: When the Violets Bloom. This sequel to The Problem with Miracles takes you back to the Colton Family Mansion where sometimes the walls do talk.

THE ROAD TO MURDER IS PAVED WITH GOOD INTENTIONS. A razor-sharp thriller with the southern setting of True Detective and Sharp Objects, this is a perfect read for fans of acclaimed US writers like James Lee Burke, Greg Iles, Don Winslow and Michael Connelly. 'Mark my words: John McMahon is about to join the ranks of crime fiction writers like Michael Connelly, Harlan Coben, Lee Child'\*\*\*\*\* Goodreads reviewer When Detective P.T. Marsh and his partner Remy Morgan are asked to investigate the suspicious death of a local real-estate baron, it's easy for them to name a list of suspects: violent neighbours, a wronged ex-wife and an escort, all of whom have reasons to want the man dead. But as they dig into the case, it becomes clear the death was not an isolated case of revenge...and may be part of a dark web of crimes connected to the accident that killed P.T.'s wife and son a few years earlier. P.T. begins to veer dangerously off track as his search for clues brings him into a seedy criminal underworld where a man's good deeds turn out to be more dangerous than his worst crimes. "Just because you can't see them doesn't mean they are not there." After his return to CASSADAGA, reluctant Psychic and Astral Projectionist Bret Wolf, visited the little man for a session of hypnotic regression to try to understand his dreams. While there, he witnessed a dark and mysterious state of awareness and a conveyance he named the Drift. Little did he suspect that he would be drawn into a journey through time and dimensions that would test his physical stamina as well as his unique abilities. Wolf found himself on a World of darkness, one he knew had to exist. With his adamant sense of balance, positives and negatives had to be equal. One could

not have a heaven full of positive energies without the converse. Without the valleys there are no mountains. Somewhere there was an anti-heaven where negatives spirits returned after their lives. Wolf learns along the way that when a soul is taken by another soul, that new soul belongs to the one taking it. It is then sent to the dark world, or as the ancients called it the crossroads or the underworld. But he had been injured by a denizen of the underworld, so his soul now belonged to the dark. Yet Wolf was not defeated as his body was not dead ... yet. He was severely injured but in real time was on life support in a Florida Hospital. His only lifeline, his only chance of escape from this world was in the reincarnated spirit of his mother now residing in his eight-year-old daughter. "DARK EXISTS BUT LIGHT MUST BE CREATED, IN THE UNIVERSE AS IN THE SOUL." "I HAVE TO GET BACK TO MY BODY ..." "YOU CONTROL TIME WHEN YOU DREAM. A FIVE SECOND DREAM CAN BE A FULL DAY TO THE DREAMER." *THE INSTANT #1 NEW YORK TIMES BESTSELLER "Sparkling with mystery, humor and the uncanny, this is a fun read. But beneath its*

*effervescent tone, more complex themes are at play.” —San Francisco Chronicle In his wildly entertaining debut novel, Hank Green—cocreator of Crash Course, Vlogbrothers, and SciShow—spins a sweeping, cinematic tale about a young woman who becomes an overnight celebrity before realizing she’s part of something bigger, and stranger, than anyone could have possibly imagined. The Carls just appeared. Roaming through New York City at three a.m., twenty-three-year-old April May stumbles across a giant sculpture. Delighted by its appearance and craftsmanship—like a ten-foot-tall Transformer wearing a suit of samurai armor—April and her best friend, Andy, make a video with it, which Andy uploads to YouTube. The next day, April wakes up to a viral video and a new life. News quickly spreads that there are Carls in dozens of cities around the world—from Beijing to Buenos Aires—and April, as their first documentarian, finds herself at the center of an intense international media spotlight. Seizing the opportunity to make her mark on the world, April now has to deal with the consequences her new particular brand of fame has on her relationships, her safety, and her own identity. And all eyes are on April to figure out not just what the Carls are, but what they want from us. Compulsively entertaining and powerfully relevant, An Absolutely Remarkable Thing grapples with big themes, including how the social internet is changing fame, rhetoric, and radicalization; how our culture deals with fear and uncertainty; and how vilification and adoration spring for the same dehumanization that follows a life in the public eye. The beginning of an exciting fiction career, An Absolutely Remarkable Thing is a bold and insightful novel of now.*

This gripping historical mystery explores the darkest days of the early 20th century. Munich, 1920. Detective Willi Geismeier has a problem: how do you uphold the law when the law goes bad? The First World War has been lost and Germany is in turmoil. The new government in Berlin is weak. The police and courts are corrupt. Fascists and Communists are fighting in the streets. People want a savior, someone who can make Germany great again. To many, Adolf Hitler seems perfect for the job. When the offices of a Munich newspaper are bombed, Willi Geismeier investigates, but as it gets political, he is taken off the case. Willi continues to ask questions, but when his pursuit of the truth itself becomes a crime, his career – and his life – are in grave danger.
