Reading is a basic and necessary skill in one's life and in the marketplace. The media is constantly presenting our nation's educational position. Innovative programs in all areas of the curriculum are televised. There is a constant need to help all students to arrive at a grade level and above. With the adoption of the national core curriculum, there is a stronger emphasis on higher levels of performance in all areas, especially in reading. Teaching Someone to Read emphasizes teaching the initial reading skills. It will serve a variety of students: kindergarten to English as a second language for all levels. This handbook gives specific procedures for diagnosing to determine the student's current skill level. Then the sequence and lists of phonics are presented in a systematic way. Stress-free strategies for teaching phonics are described. Along with decoding, ideas are presented for comprehension and writing. Teach Someone to Read is a helpful and practical tool for the instructor—a quick hands-on manual.

Collects international titles published between 1996 and 2000, and provides an annotated bibliography organized by the more than seventy countries represented.

A Box Full of Tales

Een kleine, eigenzinnige prinses leert haar potje te zien als een onafscheidelijke vriend. Kleurrijk, hardkartonnen prentenboek met karikaturale, dynamische waterverftekeningen. Vanaf ca. 3 jaar.

De dieren op een boerderij komen in opstand tegen hun meester de mens en nemen zelf de macht in handen. De varkens, die lang tevoren in het geheim hebben leren lezen en schrijven, werpen zich op als de natuurlijke leiders van de revolutie. Zij staan immers op een hoger intellectueel peil dan de andere dieren. Ze breiden hun voorrechten steeds verder uit en vormen een nieuwe elite, even oppermachtig als de oude heersers. De catastrofale ineenstorting van deze gemeenschap kan ten slotte niet uitblijven. Animal Farm, geschreven in 1943, is een klassiek geworden satire op een totalitaire staat en samenleving, die vandaag de dag nog niets aan zeggingskracht heeft verloren.
