

When Spring Comes

Gus Ramone, voormalig rechercheur Interne Zaken, werkt nu voor de afdeling Zware Misdrijven. Zijn nieuwste zaak betreft de moord op het tienermeisje Asa, wier lichaam is aangetroffen in een openbare binnentuin. De moord doet Gus sterk denken aan een zaak van twintig jaar geleden, toen hij als surveillanceagent met zijn partner Dan Holiday detective T.C. Cook assisteerde. Het ging destijds om een serie moorden op tieners, maar de dader werd nooit gepakt – voor alle rechercheurs een blijvende frustratie. Cook is inmiddels met pensioen, Holiday is vanwege omstreden gedrag uit het korps gestapt. De moord op Asa brengt de drie mannen weer bij elkaar. Maar de hernieuwde samenwerking zet de onderlinge verhoudingen op scherp en kwesties uit het verleden spelen opnieuw op. Met Tuinier van de nacht bereikt George Pelecanos een nieuw hoogtepunt in zijn carrière: dit is een beklemmend en onvergetelijk verhaal over de gruweldaden waartoe de mens is staat is, maar ook over de vriendschap en loyaliteit tussen drie die hard cops, voor altijd getekend door hun gezamenlijke verleden.

From Caldecott Medalist and Newbery Honor author Kevin Henkes and the acclaimed painter Laura Dronzek, the bestselling and award-winning creators of Birds and In the Middle of Fall, this sturdy board book edition of When Spring Comes is perfect for the very youngest readers. Watch the world transform when spring comes! In a starred review, School Library Journal called this delightful picture book, “A must-have, joyful seasonal title for the youngest listeners.” Before spring comes, the trees are dark sticks, the grass is brown, and the ground is covered in snow. But if you wait, leaves unfurl and flowers blossom, the grass turns green, and the mounds of snow shrink and shrink. Spring brings baby birds, sprouting seeds, rain and mud, and puddles. You can feel it and smell it and hear it—and you can read it! In this beautiful board book edition for young children, Caldecott Medalist and Newbery Honor author Kevin Henkes uses striking imagery, repetition, and alliteration to introduce basic concepts of language and the changing of the seasons. And acclaimed artist Laura Dronzek’s gorgeous, lush paintings show the transformation from quiet, cold winter to the newborn spring. In a starred review, The Horn Book said, “This joyful reflection is as welcome as spotting the first brave crocus.”

Nothing is . . . neither fuller nor better in heaven and earth Every authentic love story is, in its essence, a journey toward God, and every time we truly love, we unveil the face of God because God is love (1 John 4:16). No wonder Thomas Kempis affirmed that nothing is sweeter than love, nothing stronger, nothing higher, nothing wider, nothing more pleasant, nothing fuller nor better in heaven and earth because love is born of God and cannot rest but in God, above all things. But if it is so, why in the world do we find ourselves very often dissatisfied with our love life and why do we have so many dysfunctional relationships with our families, neighbors, and others? Why do we seem to love to hate each other and make enemies rather than friends not only with individuals and groups but also with other nations as well? What is missing from our earthly love? What has happened to love? To these questions and to many more, Dr. Maalouf, whose focus is one of gentle revolution in human development, as leading critics said when describing his prolific works, is suggesting here a different way of seeing the reality of love? Although it is based on psychological, sociological, philosophical, and theological principles, this adopted way conveys the message through a poetic, contemplative, and mystical method in the style of Meister Eckhart and St. John of the Cross. This is not intended to be a comprehensive study on love, but a fresh awakening to the existential, deeper, and richer level of consciousness of the living love, for the love of one another (John 13:34) is not just a commodity for social arrangement, but the evidence of our divine origin and destiny and the critical condition for our very survival. Thus, a book like this should be read meditativelythe way one listens to a great symphony or perceives a masterpiece in an art museumand comprehensively for it is not just the total sum of its paragraphs as a symphony and a painting are not the total sum of their different notes and colors. Thenwonder of wondersone will realize that there is nothing more mysterious, more magical, more life-changing than love. It is indeed the philosophers stone that converts whatever it touches into a golden reality. Then everything will start to make sense, for nothingnot even all the money in the worldcan buy the strength and the happiness of a true loving heart.
